You will receive a BCBSNM Identification (ID) Card. The ID Card contains your “Group” number and your identification number (including an alpha prefix) and tells Providers that you are entitled to benefits under this health care plan with BCBSNM.

Carry it with you. Do not let anyone who is not named in your coverage use your card to receive benefits. If you need an additional card or need to replace a lost card, contact a BCBSNM Customer Service Advocate.

PROVIDER NETWORK DIRECTORY

The Provider network directory is available through the BCBSNM website at www.bcbsnm.com. It lists all Providers and their qualifications in the BCBSNM Preferred Provider (PPO) network and Participating Pharmacies. It also provides links to the listings of Preferred Providers in other states. (If you want a paper copy of a directory, you may request one from Customer Service. It will be mailed to you free of charge.) **Note:** Although Provider directories are current as of the date shown at the bottom of each page, they can change without notice. To verify a Provider's status or if you have any questions about the directory, contact a Customer Service Advocate or visit the BCBSNM website.

HEALTH CARE FRAUD INFORMATION

Health care and insurance fraud results in cost increases for health care plans. You can help; always:

- Be wary of offers to waive Copayments, Deductibles, or Coinsurance. These costs are passed on to you eventually.
- Be wary of mobile health testing labs. Ask what your health care insurance will be charged for the tests.
- Review the bills from your Providers and the *Explanation of Benefits* (EOB) you receive from BCBSNM. Verify that services for all charges were received. If there are any discrepancies, call a BCBSNM Customer Service Advocate.
- Be very cautious about giving information about your health care insurance over the phone.

If you suspect fraud, contact the BCBSNM Fraud Hotline at 1-888-841-7998.

SECTION 2: ENROLLMENT AND TERMINATION INFORMATION

WHO IS ELIGIBLE

Unless otherwise specified in the Administration Services Agreement, all active employees who have completed the Employee Probationary Period and who are regularly working the minimum number of hours specified in the Administration Services Agreement and their Eligible Family Members are eligible for coverage. (No such probationary period may exceed 90 days unless permitted by applicable laws and rules, including but not limited to statutes, ordinances, judicial decisions and regulations. If BCBSNM records show that your Group has a probationary period that exceeds the time period permitted by applicable laws and rules, including but not limited to statutes, ordinances, judicial decisions and regulations, then BCBSNM reserves the right to begin your coverage on a date that BCBSNM believes is within the required period. Regardless of whether BCBSNM exercises that right, your Group is responsible for your probationary period. If you have questions about your probationary period or the number of hours you must work per week or to learn of any other eligibility criteria specified by your Group, contact your benefits administrator.)

BCBSNM may request proof that a valid employer-employee relationship exists, if applicable, and/or that the applicant meets the eligibility requirements stated in the Administrative Service Agreement and the Members application. The Group also agrees to permit BCBSNM to perform payroll audits.

No eligibility rules or variations in premium will be imposed on you based on your specific health status, medical condition, Claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status-related factor. You will not be discriminated against for coverage under this Plan on the basis of race, color, national origin, disability, age, sex, gender identity or sexual orientation. Variations in the administration, processes, or benefits of this policy that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

See “Re-Enrollment” in this section for important information if you or an Eligible Family Member were previously enrolled in a health care plan administered by BCBSNM.

ELIGIBLE FAMILY MEMBERS

Covered family member, covered spouse, covered child - An eligible spouse or Eligible Child (as defined below) who has applied for and been granted coverage under the Subscriber's policy based on his/her family relationship to the Subscriber.

Eligible Family Members - Family members of the Subscriber, limited to the following persons:

- the Subscriber's legal **spouse**
- the Subscriber's Eligible **Child** through the end of the month in which the child reaches **age 26** (Once a covered child reaches age 26, the child is automatically removed from coverage and rates adjusted accordingly - unless the child is an Eligible Family Member under this Plan due to a disability as described below.)
- the Subscriber's **unmarried** child age 26 or older who was enrolled as the Subscriber's covered child in this health plan at the time of reaching the age limit, and who is medically certified as **disabled**, chiefly dependent upon the Subscriber for support and maintenance, and incapable of self-sustaining employment by reason of his/her disability. Such condition must be certified by a Physician and BCBSNM. Also, a child may continue to be eligible for coverage age 26 or older only if the condition began before or during the month in which the child would lose coverage due to his/her age. BCBSNM must receive written notice of the disabling condition within 31 days of the child's attainment of the limiting age and subsequently, as may be required by BCBSNM, but not more frequently than annually after the two-year period following the child's attainment of the limiting age of 26.
- the Subscriber's **Domestic Partner** (NOTE: Not all governing bodies of the entities have approved allowing an employee's Domestic Partner and his/her children to be eligible for insurance coverage. Check with your benefits administrator for more information.)

Eligible Child - The following family members of the Subscriber through the end of the month during which the child turns age 26:

- natural or legally adopted child of the Subscriber
- child placed in the Subscriber's home for purposes of adoption (including a child for whom the Subscriber is a party in a suit in which the adoption of the child by the Subscriber is being sought)
- stepchild of the Subscriber (or otherwise Eligible Child of a Domestic Partner, if Domestic Partners are covered under your benefit plan)
- child for whom the Subscriber must provide coverage because of a court order or administrative order pursuant to state law

A child meeting the criteria above is an "Eligible Child" whether or not the Subscriber is the custodial or noncustodial parent, and whether or not the Eligible Child is claimed on income tax, employed, married, attending school or residing in the Subscriber's home, **except** that:

- once the Subscriber is no longer a legal guardian of a child or there is no longer a court order to provide coverage to a child, the child must be eligible as a natural child, legally adopted child, or stepchild of the Subscriber in order to retain eligibility as a family member under this health plan.

A **Domestic Partner** is a person of the same or opposite sex who meets all of the following criteria:

- shares your permanent residence and has resided with you for no less than one year;
- is not less than 18 years of age;
- is financially interdependent with you and has proven such interdependence by providing documentation of at least two of the following arrangements: common ownership of real property or a common leasehold interest in such property; community ownership of a motor vehicle; a joint bank account or a joint credit account; designation as a beneficiary for life insurance or retirement benefits or under your partner's will; assignment of a durable power of attorney or health care power of attorney; or such other proof as is considered by BCBSNM to be sufficient to establish financial interdependency under the circumstances of your particular case;
- is not a blood relative any closer than would prohibit legal marriage; and
- has signed jointly with you, a notarized affidavit which can be made available to BCBSNM on request.

In addition, you and your Domestic Partner will meet the terms of this definition as long as neither of you nor your Domestic Partner:

- has signed a Domestic Partner affidavit or declaration with any other person within 12 months prior to designating each other as Domestic Partners hereunder;
- is currently legally married to another person; or
- has any other Domestic Partner, spouse, or spouse equivalent of the same or opposite sex.

You and your Domestic Partner must have registered as Domestic Partners if you reside in a state that provides for such registration. In any case, if your employer allows coverage for Domestic Partners and their children, BCBSNM will require a notarized *Affidavit of Domestic Partnership* and at least three corroborating documents:

- joint lease/mortgage or ownership of property
- jointly owned motor vehicle, bank or credit account (only one qualifies)
- Domestic Partner named as beneficiary of the employee's life insurance and/or retirement benefits, and/or as primary beneficiary under employee's will
- Domestic Partner assigned as power of attorney or legal designee by the employee
- both names on a utility bill and/or on an investment account

The federal government does not recognize Domestic Partners as qualified Eligible Family Members and therefore, the premium paid for their coverage cannot be pre-tax. In addition, the employee must pay tax on the portion of the premium paid by the employer for the Domestic Partner and his/her covered children. Employees wanting to change benefit elections involving a Domestic Partner must adhere to the same rules regarding qualifying events.

Within 31 days of hire, you must submit all required forms to your benefits administrator. Once you have made an election during your initial enrollment period of 31 days from your date of hire, you are locked into that decision until the next annual open enrollment period.

BCBSNM may require acceptable proof (such as copies of income tax forms, legal adoption or legal guardianship papers, or court orders) that an individual qualifies as an Eligible Family Member under this coverage. Unless listed as an Eligible Family Member, no other family member, relative or person is eligible for coverage as a family member. Common-law spouses are **not** considered legal spouses; in order to be considered eligible for coverage, a common-law spouse must meet the definition of "Domestic Partner."

Information for Noncustodial Parents

When a child is covered by the Plan through the child's noncustodial parent, then **The Group** will:

- provide such information to the custodial parent as may be necessary for the child to obtain benefits through **The Group** Plan;
- permit the custodial parent or the Provider (with the custodial parent's approval) to submit Claims for Covered Services with the approval of the noncustodial parent; and
- make payments on Claims submitted in accordance with the above provision directly to the custodial parent, the Provider, or the state Medicaid agency as applicable.

MEDICARE-ELIGIBLE MEMBERS

Shortly before you turn age 65 or qualify for Medicare benefits for other reasons, you are responsible for contacting the local Social Security office to establish Medicare eligibility. You should then contact your benefits administrator to discuss coverage options.

If an active employee qualifies under the provisions of federal law for the working aged (TEFRA), then the working employee age 65 or older and/or his/her eligible spouse age 65 or older who is covered by Medicare may continue this Plan coverage as primary over Medicare until the eligible employee retires.

A Member under age 65 receiving Medicare benefits due to disability or end-stage renal disease (ESRD) also has primary benefits under this Plan coverage, but for only a limited period of time. (For ESRD patients, this Plan coverage is primary only during the CMS-defined ESRD coordination time period - usually 30 months after the start of Dialysis. Medicare becomes primary when the Medicare ESRD coordination time period expires.)

In any case, if you are a Medicare beneficiary and you actively *select* Medicare as your primary coverage, this Plan is **not** available to you, and your employer may not offer you any other employer-sponsored health care plan.

Refer to a Medicare Handbook or contact the Social Security Administration for more information and eligibility guidelines that apply to you.

APPLYING FOR COVERAGE

An eligible person can apply for coverage, including for his/her Eligible Family Members, by submitting an enrollment/change form to **The Group within 31 days** after becoming eligible according to the terms of the Administrative Services Agreement. **Note: The Group** cannot use genetic information or require genetic testing in order to determine or to limit or deny coverage.

WHEN COVERAGE BEGINS

The Group will determine your Effective Date of Coverage according to the provisions of the Administrative Services Agreement. Contact your employer to determine your Effective Date of Coverage.

This Plan does not cover any service received before your Effective Date of Coverage (which, for Eligible Family Members, may be later than the Subscriber's effective date). Also, if your prior coverage has an extension of benefits provision, this Plan will not cover those charges incurred after your Effective Date that are covered under the prior benefit plan.

CHANGES TO COVERAGE

After initial enrollment, you may need to add Eligible Family Members to, or remove them from your coverage, update your address, or switch from Individual to Family Coverage, or vice versa.

Your ability to change coverage types (e.g., from Family to Individual coverage, etc.) will depend on the rules and regulations set forth by your employer. Please contact your employer to find out when you can change your coverage type or remove a person from your coverage.

ADDING A FAMILY MEMBER TO COVERAGE

A Subscriber may apply for coverage of an Eligible Family Member (such as a new spouse or a newborn child). **Within 31 days** of acquiring the newly Eligible Family Member, the Subscriber must:

- request that the employer notify BCBSNM of the change,
- complete and submit all necessary enrollment/change forms and legal documentation of proof of dependency, and
- pay any additional premium or other employee contribution for coverage, which may mean changing, for example, from Individual to Family coverage.

Adding a Spouse or a Domestic Partner

If a Subscriber adds coverage for a spouse **within 31 days** of marriage, the effective date of the new Eligible Family Members coverage will be no later than the first of the month following the date your benefits administrator Your Group received the completed and signed enrollment/change application form. If the Subscriber does not submit a completed and signed enrollment/change application form to his/her benefits administrator or to BCBSNM (or to the COBRA administrator), along with necessary documentation and, if required, change from Individual (or Employee + Child(ren) coverage, if applicable) to Family coverage **within 31 days** of marriage, the spouse may not be added to coverage except as a Late Applicant (or as specified under “Special Enrollment” later in this section). You may also have the option of applying for a Two-Person (Employee + Spouse) coverage type. Ask your employer which coverage types are available to you. For example, if you are applying for coverage for a new spouse and his/her Eligible Child(ren), you will have to change to Family coverage. See “Adding an Eligible Child,” below.

Domestic Partners and their Eligible Children may be added to existing coverage only during the annual open enrollment period.

Adding an Eligible Child

If you do not submit an application for an Eligible Child or add additional coverage, if required, within the time frames below, the child will be considered a **Late Applicant**, except as specified under “Special Enrollment.”

Newborn Children

You should submit an application to add the newborn as an eligible Child as soon as possible after birth. If Family coverage (or Employee/Children coverage, if available) is in effect, a newborn, natural child is covered from birth. If, for example, Family coverage is not in effect, you must add coverage for the newborn **within 31** days of the birth in order for newborn care to be covered beyond day 31, (e.g., If an Employee + Children coverage type is not available to your Group, you would need to switch to Family coverage.). In any case, if the application is not received **within 31** days and additional premium or other employee contributions for coverage, if any, are not paid, the newborn is considered a Late Applicant.

Note: If the parent of the newborn is an Eligible Child of the Subscriber (i.e., the newborn is the Subscriber's grandchild), benefits are **not** available for the newborn.

Adopted Children

A child placed in the Subscriber's home for the purposes of adoption may be added to coverage as soon as the child is placed in the home. However, application for coverage can be made as late as **31 days** following legal adoption without being considered late. (Although a child over the age of 18 is not eligible for adoption, an adopted child is covered as any other child, subject to the same Eligible Child age limitations and restrictions.) **Note:** An adopted child who is not enrolled within 31 days of adoption or placement in the home will be considered a Late Applicant

unless the child was previously enrolled in a Group health plan or other Creditable Coverage within 30 days of his/her adoption or placement for adoption and has had prior Creditable Coverage since that date with no significant lapse (i.e., 63 or more days).

Legal Guardianship

Application for coverage must be made for a child for whom the Subscriber or the Subscriber's spouse becomes the legal guardian **within 31 days** of the court or administrative order granting guardianship.

Stepchild

Application for coverage must be made for a stepchild **within 31 days** of the marriage to the stepchild's biological parent.

Court Ordered Coverage for Children

When an employee or employer is required by a court or administrative order to provide coverage for an Eligible Child, the Eligible Child may be enrolled in the Subscriber's Family Coverage, or Employee/Children coverage, if available and will **not** be considered a Late Applicant. (If the Subscriber has Individual coverage, he/she may be required to pay additional premium in order for the Eligible Child to be added.) If not specified in the court or administrative order, the Eligible Child's Effective Date of Coverage will be the date the order has been filed as public record with the State or the effective date of Family Coverage, or Employee/Children coverage, if available, whichever is later. **The Group** must receive a copy of the court or administrative order.

LATE APPLICANT

Unless eligible for a Special Enrollment, applications from the following enrollees will be considered late:

- anyone not enrolled **within 31 days** of becoming eligible for coverage under this Plan (e.g., a newborn child added to coverage more than 31 days after birth when, for example, Family Coverage (or Employee/Children coverage, if available) is not already in effect, a child added more than 31 days after legal adoption, or a new spouse or stepchild added more than 31 days after marriage)
- anyone enrolling on the Group's initial BCBSNM enrollment date who was not covered under the Group's prior plan (but who was eligible for such coverage)
- anyone eligible but not enrolled during the Group's initial enrollment
- anyone who voluntarily terminates his/her coverage and applies for reinstatement of such coverage at a later date (except as a Provider under USERRA of 1994)

OPEN ENROLLMENT

Open enrollment is the period prior to the Group's anniversary date (ask your employer when your Group's open enrollment period is held). During the annual open enrollment period, any eligible employee and his/her Eligible Family Members may enroll as Members under this Plan.

SWITCH ENROLLMENT AND CHANGES IN PLAN

If your employer offers employees more than one choice of health plan, your Plan choice can only be changed outside open enrollment if you, as an active employee or Eligible Family Member of an active employee, are eligible for a Special Enrollment. (See "Special Enrollment for Active Employees and Their Eligible Family Members" for details.)

During an Open Enrollment Period

During an open enrollment period, the Subscriber and his/her Eligible Family Members may change coverage to one of the other health care plans for which the Subscriber meets eligibility requirements. This is the only period of time during which a Member may "voluntarily" change from one health care plan to another for which he/she is eligible.

Outside the Open Enrollment Period

If you or your covered family member must change to another health care plan being offered by the employer because of a change in the Subscriber's residency (i.e., moving outside a BCBSNM service area) or family status

(i.e., a Special Enrollment qualifying event), an enrollment/change form must be submitted to **The Group** as soon as possible (or, for continuation Members, the COBRA administrator). Your effective date under the new health plan will be the first of the month following your change in eligibility status. If you are switching to another health plan due to a Special Enrollment, the effective date of change is explained below.

SPECIAL ENROLLMENT FOR ACTIVE EMPLOYEES AND THEIR COVERED FAMILY MEMBERS

There are four instances (“qualifying events”) in which an eligible person can obtain a “Special Enrollment” right (see definition in *Section 10: Definitions*). You have a limited amount of time during which you may request a Special Enrollment. If you do not request Special Enrollment **within the time period specified below**, you will be considered a Late Applicant.

Note: There are no Special Enrollments for persons applying for any continuation coverage if offered under your Plan. You must enroll in these coverages timely.

Qualifying Events

The four instances of Special Enrollment are:

Loss of Prior Coverage

An eligible employee who declined coverage when initially eligible because of having other comprehensive medical coverage and who later *involuntarily* loses the other coverage (or who reaches a lifetime maximum under the prior benefit plan), may apply for coverage for himself/herself and Eligible Family Members. (The Eligible Family Members need not have been covered under the prior benefit plan when the employee has been granted a Special Enrollment under this provision.) Currently enrolled employees may also add Eligible Family Members to coverage under this provision if the Eligible Family Member had prior Creditable Coverage that was involuntarily lost or had reached lifetime benefit maximum under the other carrier's benefit plan. (See definition of “Involuntary Loss of Coverage” in *Section 10: Definitions*.)

If a completed and signed enrollment/change form is received by the benefits administrator **within 31 days** of losing the other coverage (or **within 31 days** of receiving the first denial notice informing the employee or Eligible Family Member that he/she had reached a lifetime limit), the applicant(s) will **not** be considered late.

Documentation from the prior carrier - supporting the fact that the person had prior Creditable Coverage that was lost involuntarily - may be submitted at a later date with the employer's approval, but the employee must submit the completed and signed enrollment/change form **within 31 days** of the loss of coverage (or denial notice). **Note:** Enrollment changes cannot be processed until **all documentation** is provided to the benefits administrator.

If the employee lost prior coverage, Special Enrollment is available to the current employee and any Eligible Family Members of the employee (including spouse). If an Eligible Family Member of the current employee lost prior coverage, Special Enrollment is available for the affected Eligible Family Member and the employee (not other Eligible Family Members). The choice to quit paying premiums, for example, because the Subscriber or one family member under the other carrier's benefit plan reaches a lifetime benefit maximum in **not** an example of Involuntary Loss of Coverage for the entire family. However, in the case of one Eligible Family Member losing prior coverage, although all family members may not be eligible for a “special” enrollment, Eligible Family Members may be enrolled at the same time as the special enrollee, subject to Late Applicant provisions. Also, in order to be eligible for a Special Enrollment due to loss of prior coverage, the declining person must have completed a waiver of coverage statement when first eligible to enroll, and the reason stated for declining coverage must have been due to having other coverage. If an employee requests a Special Enrollment for self only, Eligible Family Member(s) only, or both, BCBSNM requires proof of loss of coverage or proof of the date of the event.

Change in Family Status

An employee who acquires a new Eligible Family Member due to marriage, birth, adoption, or placement for adoption may apply for a Special Enrollment in this Plan for himself/herself **and other family members** who are eligible for coverage under this Plan. Application for Special Enrollment of the employee and his/her Eligible Family Members will **not** be considered late if submitted **within 31 days** of the marriage, birth,

adoption, or placement of the Eligible Child in the Subscriber's home. If submitted more than 31 days following the change in family status, Special Enrollment is not available.

- **Newborn or Adopted Child:** For a change in family status due to birth of an eligible newborn or adoption of a child, coverage begins on the date of birth or adoption (or, if earlier, on the date of placement in the Subscriber's home).
- **Marriage:** The Effective Date of Coverage for all persons granted a Special Enrollment due to marriage will be the same as the new spouse's Effective Date of Coverage as described under "Adding An Eligible Family Member to Coverage."

This right to Special Enrollment upon a change in family status applies to the employee and to all Eligible Family Members.

Establishing a new domestic partnership and adding a child to coverage due to a court order are **not** considered a change in family status for purposes of the "Special Enrollment" provision.

Loss of Medicaid/SCHIP Eligibility

If an eligible employee or his/her Eligible Family Member is not currently enrolled in the Plan and loses eligibility under Medicaid or under a State Child Health Plan (SCHIP), the person losing such coverage may enroll in the Plan without being considered a Late Applicant. To be eligible for Special Enrollment, the person must apply for coverage under the Group health plan no later than **60 days** after the date of termination of Medicaid or SCHIP coverage. (In order for an Eligible Family Member to be eligible for Special Enrollment, the employee must be covered under the employer Group health plan. If the employee is not enrolled in the Plan when the Eligible Family Member becomes eligible for assistance, the employee must enroll into the Plan at the same time as the Eligible Family Member.) Documentation from the state - supporting the fact that the person had Medicaid/SCHIP coverage that was lost involuntarily - may be submitted at a later date with the employer's approval, but the employee must submit the completed and signed enrollment/change form within **60 days** of the loss of coverage. **Note:** Enrollment changes cannot be processed until **all documentation** is provided to the employer.

If the employee lost Medicaid/SCHIP coverage, Special Enrollment is available to the current employee and any Eligible Family Members of the employee (including spouse). If an Eligible Family Member of the current employee lost Medicaid/SCHIP coverage, Special Enrollment is available for the affected Eligible Family Member and the employee (not other Eligible Family Members).

Medicaid/SCHIP Group Health Plan Premium Assistance Eligibility

A state may offer premium subsidies through Medicaid or a State Child Health Plan (SCHIP) to low-income children and their families for qualified employer-sponsored coverage. This includes premium assistance for continuation coverage under federal or state law. Therefore, if an eligible employee or an Eligible Family Member is not enrolled in the Plan and later becomes eligible for Group health plan premium assistance under Medicaid or under SCHIP, the eligible person may enroll in the Plan without being considered a Late Applicant. To be eligible for Special Enrollment, the affected person must apply for coverage through the employer no later than **60 days** after becoming eligible for premium assistance. (In order for a family member to be eligible for Special Enrollment, the employee must be covered under the employer's health plan. If the employee is not enrolled in the Plan when the Eligible Family Member becomes eligible for assistance, the employee must enroll in to the Plan at the same time as the Eligible Family Member.)

Documentation from the state - supporting the fact that the person is eligible for premium assistance from Medicaid or SCHIP - may be submitted at a later date with the employer's approval, but the employee must submit the completed and signed enrollment/change form **within 60 days** of the affected person's premium assistance eligibility date. **Note:** Enrollment changes cannot be processed until **all documentation** is provided to the employer.

The current employee who is eligible but not enrolled for coverage under the terms of the Group health plan (or a dependent of such an employee who is eligible but not enrolled for Group health plan coverage under such terms) may enroll in the Group health plan upon becoming eligible for a state premium assistance subsidy under Medicaid or SCHIP if Special Enrollment is requested in a timely manner.

Applying for Special Enrollment

Application for Special Enrollment must be made **within the time period specified for each of the qualifying events above** in order to qualify you and/or your Eligible Family Member(s) for a Special Enrollment right (switch enrollment may be available to Members who are offered more than one Plan option). Please contact your benefits administrator for details about Special Enrollment privileges that apply to you and your Eligible Family Members.

Waiving Coverage

If an employee declines to enroll in this Group health plan when initially eligible to do so, the employee must sign a waiver of coverage statement and submit it to the benefits administrator. **It is very important that the employee indicate the reason for declining coverage.** If the employee declined coverage due to having other health care coverage and later involuntarily loses the other coverage, the employee and his/her Eligible Family Members may be eligible to enroll in the employer's Group plan as "special enrollees." An employee waiver of coverage statement, indicating that coverage is being declined due to having coverage, must be submitted to the employer **within 31 days** of becoming eligible for coverage under the employer's health care Plan. If you later lose the other coverage and wish to enroll in the Plan as a result, you will also need to submit proof that you had the required Creditable Coverage.

If you do not enroll an Eligible Family Member when he/she is initially eligible, you do not need to sign a waiver of coverage statement. However, if the affected family member later loses the other coverage and requests a Special Enrollment, you *will* need to submit proof that the family member had the required Creditable Coverage.

If the person declining coverage later requests a Special Enrollment, but no such proof of loss or prior coverage is provided, or if the reason for declining coverage is *not* due to having other coverage, he/she will be ineligible for Special Enrollment. If the person chooses to enroll anyway, the person will be considered a Late Applicant.

Coverage Effective Date

If a Member is granted a Special Enrollment due to Involuntary Loss of Coverage, due to premium assistance eligibility, or due to marriage, and all required documentation is received timely by your benefits administrator, coverage will begin no later than the first day of the month after your benefits administrator received the request for Special Enrollment. However, for a change in family status due to birth of an eligible newborn or adoption of a child, coverage begins on the date of birth or adoption.

If a completed and signed enrollment/change form is **not** received within the time periods set forth in this section, the employee and /or his /her Eligible Family Members will be considered Late Applicants and no Special Enrollment right will be available.

RE-ENROLLMENT

If a previously covered employee and/or Eligible Family Member is re-enrolled in this Group Plan, he/she will usually be considered a Late Applicant. See "Leave of Absence or Military Service" and "Special Enrollment" for exceptions and details.

Any individual whose previous BCBSNM contract was terminated for Good Cause is not eligible to re-enroll in this Plan, unless approved in writing by BCBSNM. (Members currently enrolled in continuation coverage may not re-enroll once coverage is terminated, unless eligibility under this Plan is re-established.)

If coverage is voluntarily discontinued by a COBRA Member, the terminated Member may not re-enroll at any time.

NOTIFICATION OF ELIGIBILITY AND ADDRESS CHANGES

The Subscriber must notify **The Group within 31 days** following any changes that may affect his/her or a family members eligibility, including a change to a covered family members name or address, by indicating such changes on an enrollment/change form and submitting it to **The Group**. You can obtain this form at BCBSNM's website at www.bcbsnm.com, from your benefits administrator, or by calling the BCBSNM Customer Service department. (Members covered under federal continuation must submit enrollment/change forms directly to the COBRA administrator.)

Employees and Their Eligible Family Members

Employees covered under the Group Plan are responsible for completing and submitting signed enrollment/change forms to your employer.

COBRA Continuation Policy Members

If you are covered under a COBRA continuation policy, you must contact the COBRA administrator. The name, address, and phone number of the administrator will be provided to you should you elect COBRA coverage.

COVERAGE TERMINATION

Unless stated otherwise, if you do not elect or do not qualify for continuation coverage (see “How to Continue Coverage”), coverage ends at the end of the month following the earliest of the date:

- The employee **terminates employment** or **otherwise loses eligibility** according to the terms of the Administrative Services Agreement. If the Group or Subscriber fails to notify BCBSNM **within 30 days** to remove an ineligible person from coverage, BCBSNM may recover any payment made on the ineligible person's behalf.
- When the **premium payment** or other employee contribution for coverage is not received on time. (Coverage will be suspended if premium is not paid when it is due. If premium is not received **within 30 days** after its due date, the Group or affected Member(s) will be terminated at the end of the last-paid billing period. Any Claims for Medically Necessary services received during the 30-day grace period will be covered.)
- When the Member begins a **leave of absence** or enters the **armed forces for more than 30 days** or as provided by law. (See “Leave of Absence or Military Service.”)
- When the **Member materially fails to abide by the rules**, policies, or procedures of this Plan or fraudulently provides or materially misrepresents information affecting coverage. If a Member knowingly gave false material information in connection with the eligibility or enrollment of the Subscriber or any of his/her Eligible Family Members, **The Group** may terminate the coverage of the Subscriber and his/her Eligible Family Members retroactively to the date of initial enrollment. The Subscriber is liable for any benefit payments made as a result of such improper actions.
- When the Subscriber **dies**. (Surviving Eligible Family Members remain covered through the last-paid billing period.)
- If this Plan is primary over **Medicare** due to federal laws and regulations, when the Medicare-eligible Member *chooses* Medicare as his/her primary coverage. (See “Medicare-Eligible Members” for information on coverage options for Members who are entitled to Medicare.)
- When the Member acts in a **disruptive** manner that prevents the orderly business operation of any Network Provider or dishonestly attempts to gain a financial or material advantage.
- When **Group coverage is discontinued** for the entire Group or for the employee's enrollment classification.
- When **The Group** gives BCBSNM or BCBSNM gives **The Group** a minimum **30 days' advance written notice**.

Additional Family Member Termination Reasons

In addition, coverage will end for any family member on the earliest of the above dates or the earliest of the following dates:

- at the end of the **last-paid billing period** for Family Coverage;
- at the end of the month when a child **no longer qualifies as an Eligible Child** under the Plan (e.g., a child is removed from placement in the home or reaches the Eligible Child age limit);
- at the end of the month following the date of a final **divorce** decree or **legal separation** for a spouse;
- at the end of the month when the Subscriber gives a minimum **30 days' advance notice** in writing to end coverage for a covered family member(s), according to the rules of your Plan as established by your employer.
- at the end of the month following the dissolution of a domestic partnership.

If a family member is being removed from coverage because of losing his/her eligibility under the Plan (for reasons other than reaching the Eligible Child age limit), the enrollment/change form must be received by BCBSNM **within 31 days** following the effective date of the change. In these cases, the Member will be removed from coverage as of the end of the month following the change in his/her eligibility status and payroll deductions will be properly adjusted, if necessary. BCBSNM and the Providers of care may recover benefits erroneously paid on behalf of the removed Member.

Voluntary Termination of Coverage

To remove a family member from coverage before loss of eligibility or to voluntarily terminate his/her own coverage, the Subscriber must submit a completed enrollment/change form to his/her benefits administrator. If voluntary termination is allowed under your Plan outside the annual renewal period, coverage will end the first of the month following receipt of the enrollment/change form. Voluntarily terminated Members may re-enroll under the Plan only as Late Applicants (except as provided under "Special Enrollment"). Also, these Members are **not** eligible for any extension of benefits or federal continuation. Voluntarily terminated Members may apply for individual coverage offered by BCBSNM; a health statement will be required and the application may be denied.

Termination and Continuation of Coverage

See "How to Continue Coverage" for more information.

Leave of Absence or Military Service

Coverage will end for a Subscriber and his/her Eligible Family Members at the end of the month during which the leave began. During a leave of absence covered by the Family and Medical Leave Act (FMLA) or the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), coverage will continue as provided by law. Contact your benefits administrator for information.

HOW TO CONTINUE COVERAGE

If you lose coverage under this Plan, you may be able to continue coverage for a limited period of time. **Note:** There is no Special Enrollment under these provisions. You must enroll timely to qualify for continued coverage.

Continuation Coverage

Your Group may be subject to the provisions for continuation of plan coverage under federal law (COBRA or USERRA). If so, employees and their covered family members excluding Domestic Partners who lose eligibility under this Group Health Care Plan may be able to continue as Members, without a health statement, for a limited period of time by purchasing the continuation coverage described below. You must pay premiums from the date of loss of Group coverage.

You are not eligible to enroll for continuation coverage if:

- the employer stops offering this coverage to its employees, *or*
- you do not elect continuation coverage in a timely fashion.

Refer to *Appendix A: Continuation Coverage Rights under COBRA* or contact your benefits administrator for details about enrolling in continuation coverage.

Continuation Benefits

Continuation coverage is identical to the coverage a similarly situated regular Member has. If the coverage for regular Members changes, your continuation coverage will reflect the same change. For example, if the Plan's Deductible or other cost-sharing amounts change for regular Members, yours will change by the same amount.

Federal Continuation (COBRA)

Unless approved in writing by BCBSNM, the following persons may **not** enroll in this continued coverage option:

- one who **voluntarily** terminated coverage while still eligible (*Involuntary termination* includes loss of coverage under the following situations only: legal separation, divorce, loss of Eligible Child eligibility)

status, death of the Subscriber, termination of employment, reduction in hours, or termination of employer contributions. Any other reason is considered voluntary.)

- a covered family member who was removed from coverage by the Subscriber while the family member was still eligible
- any Member whose BCBSNM health care coverage was terminated for Good Cause

Continuation coverage under federal law ends on the **earliest** of the following dates or any of the applicable dates listed under “Coverage Termination” earlier in this section:

- the first of the month when you become entitled to Medicare
- when the employer discontinues offering this Plan to employees (If this Plan is replaced by another health care plan, continuation coverage will also be replaced by the new Plan.)
- when you become covered under another Group Health Care Plan
- when the continuation period expires

Premium Payments

Subscribers under federal COBRA continuation coverage must pay premiums to the COBRA administrator. Contact your benefits administrator for an application for coverage and details.

USERRA Continuation Coverage

Employees and their covered family members who lose Group coverage because the employee is absent from work due to military service may be able to continue coverage for **up to 24 months** after the absence begins. Contact your benefits administrator for details about the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

SECTION 3: HOW YOUR PLAN WORKS

BENEFIT CHOICES

This health care plan is a Preferred Provider Option (PPO) health care plan that gives you the opportunity to save money, while providing you choice and flexibility when you need medical/surgical care and Preventive Services. When you need health care, you have the choice of obtaining benefits from either a Preferred Provider or a Nonpreferred Provider. It's important to understand the differences between them. When you receive treatment or schedule a surgery or Admission, ask each of your Providers if he/she is a BCBSNM Provider. (A Physician's or Other Provider's contract may be separate from the Facility's contract.) Your choice can make a difference in the amount you pay and the benefits available to you.

Your Choices

Preferred Provider Services	Nonpreferred Provider Services
<ul style="list-style-type: none">• You pay an annual Deductible and a lower percentage of Covered Charges (Coinsurance) after the Deductible is met.• You have a lower annual Out-of-Pocket Limit.• The Provider files Claims for you.• The Provider will not bill you for amounts above the Covered Charge.*• Preferred Providers that contract directly with BCBSNM will obtain necessary Prior Authorizations for you.• Primary Preferred Provider (PPP) office visit charges are subject to Deductible. You pay only Deductible and Coinsurance (see "Cost-Sharing Features" for details). Other services of a PPP and services of a non-PPP Preferred Provider are also subject to Deductible and Coinsurance.	<ul style="list-style-type: none">• You pay a higher annual Deductible and a higher Coinsurance percentage of Covered Charges after the Deductible is met.• You have a higher annual Out-of-Pocket Limit to meet for Nonpreferred Provider benefit level.• You may need to file Claims.• You may have to pay amounts above the Covered Charge.*• You are responsible for Admission review and other Prior Authorizations.• Some benefits are not available unless services are received from a Preferred Provider. See your <i>Summary of Benefits</i> for those services not covered at the Nonpreferred Provider benefit level.• Nonpreferred Provider services are not eligible for the PPP office visit Copayment - even if required due to an Emergency.

***Note:** The "Covered Charge" is the amount that BCBSNM determines is a fair and reasonable allowance for a particular Covered Service. After your share of a Covered Charge (e.g., Deductible, Coinsurance) has been calculated, BCBSNM pays the remaining amount of the Covered Charge, up to maximum benefit limits, if any. **The Covered Charge may be less than the billed charge.** Your choice of Provider will determine if you will also have to pay the difference between the Covered Charge and the billed charge.

Although you can go to the Hospital or Physician of your choice, benefits under the PPO program will be greater when you use the services of a Preferred Provider.

PREFERRED PROVIDERS VERSUS NONPREFERRED PROVIDERS

Preferred Providers are Health Care Professionals and facilities that have Contracted with BCBSNM, a BCBSNM contractor or subcontractor, or another BCBS Plan as "Preferred" or "PPO" Providers. These Providers have agreed to provide health care for PPO Plan Members and accept the Plan's payment for a Covered Service plus the Members share of the Covered Charge (i.e., Deductible and/or Coinsurance) as payment in full.

Nonpreferred Providers are Providers that have not Contracted with BCBSNM, either directly or indirectly, to be part of the "Preferred" or "PPO" Provider network. (These Providers may have "Participating" Provider agreements, but are **not** considered Preferred. See *Section 8: Claims Payments and Appeals* for more information.)

When you receive treatment or schedule a surgery or Admission, ask each of your Providers if he/she is a Preferred Provider. (A Physician's or Other Provider's contract may be separate from the Facility's contract.)

Covered Charges
*For Covered Charges related to Claims from Providers that contract directly with BCBSNM, see "Covered Charges" in <i>Section 8: Claims Payments and Appeals</i> .
*For Covered Charges related to Claims from Out-of-Network Providers, see "Benefit Level Exceptions" later in this <i>Section 3: How Your Plan Works</i> .
*For Covered Charges related to Claims from Providers outside New Mexico, see "BlueCard" in <i>Section 8: Claims Payments and Appeals</i> .

PROVIDER DIRECTORY AND ONLINE PROVIDER FINDER®

When you need medical care, there are a variety of ways you can choose a Preferred Provider in your area. You can also access Mental Disorder Providers (including those specializing in Chemical Dependency) and Participating Pharmacies.

Whichever method you choose, the Provider directory gives each Provider's specialty, the language spoken in the office, the office hours, and other information such as whether the office is handicapped accessible. (To find this information on the website directory, click on the Doctor's name once you have found one you want to know more about.) The website directory also gives you a map to the Provider's office.

Note: Providers who are listed in the directory as having a "Participating" contract are **not** "Preferred" Providers (unless they are also listed as having a "Preferred" Provider contract). **You will not receive the "Preferred Provider" benefit level when receiving services from a "Participating" Network Provider.** You must use Providers in the "Preferred" Provider network in order to obtain the highest level of benefit under this Plan for non-Emergency Care. However, if you live in or travel to a state that does not offer Preferred Provider contracts, you can receive the "Preferred Provider" benefit level by visiting "Participating" Providers in that state. **If you are in an Emergency situation, call 911 if necessary or go directly to the nearest Emergency room.**

Although Provider directories are current as of the date shown at the bottom of each page of a printed directory or as of the date an Internet site was last updated, the network and/or a particular Provider's status can change without notice. To verify a Provider's current status, request a current directory, request a paper copy of a directory (free of charge), or if you have any questions about the directory, contact a BCBSNM Customer Service Advocate. It is also a good idea to speak with a Provider's office staff directly to verify whether or not they belong to the BCBS Preferred Provider network before making an appointment.

Web-Based BCBSNM Provider Finder

To find a Preferred Provider in New Mexico or along the border of neighboring states, please visit the *Provider Finder* section of the BCBSNM website for a list of Network Providers:

Paper Provider Network Directory

If you want a paper copy of a *BCBSNM Preferred Provider Network Directory*, you may request one from BCBSNM Customer Service and it will be mailed to you free of charge. You may also call BCBSNM and request a paper copy of a BCBS Provider directory from another state.

Finding a Pharmacy

To find a Participating Pharmacy, visit the Prime Therapeutics website at:

of Participating Pharmacies for this health plan. After you have selected “Blue Cross and Blue Shield of New Mexico” as your health plan administrator, you will be able to locate Participating Pharmacies throughout the United States based on zip code or state name. You may also request a paper copy of the list of Participating Pharmacies by calling a Customer Service Advocate at BCBSNM.

Providers Outside New Mexico

Out-of-state Providers that contract with their local Blue Cross and/or Blue Shield Plan and international Providers that contract with the Blue Cross and Blue Shield Association as **Preferred Providers** are also eligible for the “Preferred Provider” level of benefits for Covered Services, listed on the *Summary of Benefits*. **Note:** Providers who have a “Participating-only” contract are **not** Preferred Providers and you will not receive the Preferred Provider benefit level when receiving services from Participating-only Providers. You must use **Preferred Providers** in order to obtain the higher benefit (unless listed under “**Benefit Level Exceptions**,” later in this section).

You have a number of ways to locate a Preferred Provider in the United States or around the world:

BCBSNM Website

If you have an Internet connection, go to the BCBSNM website at www.bcbsnm.com, click on “Provider Finder®” and then select the line entitled “Providers located outside New Mexico.” You will then be linked to the Blue Cross Blue Shield Association’s BlueCard Doctor and Hospital Finder.

CALENDAR YEAR

A Calendar Year is a period of one year which begins on January 1 and ends on December 31 of the same year. The initial Calendar Year is from a Members Effective Date of Coverage through December 31 of the same year, which may be less than 12 months.

BENEFIT LIMITS

There is no general lifetime maximum benefit under this Plan. However, certain services have separate benefit limits per Admission or per Calendar Year. (See the *Summary of Benefits* for details.)

Benefits are determined based upon the coverage in effect on the day a service is received, an item is purchased, or a health care expense is incurred. For Inpatient Services, benefits are based upon the coverage in effect on the date of Admission, except that if you are an inpatient at the time your coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.

COST-SHARING FEATURES

For some services, you will pay only a fixed-dollar amount Copayment for Covered Charges. In other cases, you will have to meet a Deductible and pay a percentage of the Covered Charge (Preferred Providers will not bill you for amounts in excess of the Covered Charge). When you receive a number of services during a single visit or procedure, you may have to pay both a Copayment and a Deductible (if applicable) plus a percentage of the Covered Charges that are not included in the Copayment. Refer to your *Summary of Benefits* for details.

YOUR DEDUCTIBLE

Your Deductible is the amount of Covered Charges that you must pay in a Calendar Year before this Plan begins to pay its share of the applicable (Preferred or Nonpreferred Provider) Covered Charges you incur during the same Calendar Year. If the Deductible amount remains the same during the Calendar Year, you pay it only once each Calendar Year, and it applies to all Preferred or Nonpreferred Provider Covered Services you receive during that Calendar Year.

Individual Deductible

There are **two** individual Deductible amounts indicated on your *Summary of Benefits*. Once a Member's Deductible payments for Preferred Provider services reach the individual Preferred Provider Deductible amount, this Plan will begin paying its share of that Member's covered Preferred Provider charges. The Member must meet the higher Nonpreferred Provider Deductible before this Plan begins to pay its share of his/her Covered Charges from Nonpreferred Providers.

Covered Charges for Preferred Provider services are **not** applied to the Nonpreferred Provider Deductible and Covered Charges for Nonpreferred Providers are **not** applied to the Preferred Provider Deductible.

Family Deductible

Embedded Deductible

When one family member meets the "Individual Coverage" Deductible, that family member does not have to wait until the higher "Family Coverage" Deductible is met before benefits apply.

The Deductible amount you must satisfy depends on whether you have Individual or Family coverage. An Individual Coverage Member must meet the "Individual Coverage" Deductible before this Plan begins to pay your Covered Charges, including for items covered under Drug Plan Rider.

What Is Not Subject to the Deductible

The following are **not applied** to the annual Deductible:

- preventive services and well child care

Admissions Spanning Two Calendar Years

If a Deductible has been met while you are an inpatient and the Admission continues into a new Calendar Year, no additional Deductible is applied to that Admission's Covered Services. However, all other services received during the new Calendar Year are subject to the Deductibles for the new Calendar Year.

Timely Filing Reminder

Most benefits are payable only after BCBSNM's records show that the applicable Deductible has been met. Preferred Providers and Providers that have "Participating-only" Provider agreements with BCBSNM will file Claims for you and must submit them within a specified amount of time (usually 180 days). If you file your own Claims for Covered Services from Nonparticipating Providers, you must file them **within 12 months** of the date of

service. If a Claim is returned for further information, resubmit it **within 45 days**. See *Section 8: Claims Payments and Appeals* for details.

Drug Plan Copayment

Drugs and other items purchased through the drug plan are subject to the annual Deductible, Coinsurance and/or Copayment amounts you pay for covered items under the drug plan and are also applied to the Preferred Provider Out-of-Pocket Limit each Calendar Year. In either case, drug plan Copayments are subject to the Medical Deductible and Out-of-Pocket Limit provisions. See your *Drug Plan Rider* for more information about the amounts you pay under the drug plan.

COINSURANCE

For some Covered Services, you must pay a percentage of Covered Charges as (Coinsurance) after you have met your annual Deductible. After your share has been calculated, this Plan pays the rest of the Covered Charge, up to maximum benefit limits, if any. You pay a lower percentage of Covered Charges when you visit a Preferred Provider.

Remember: The Covered Charge may be less than the billed charge for a Covered Service. Preferred Providers may not bill you more than the Covered Charge. **Note:** If you receive Covered Services from an “unsolicited” Provider, as defined in this section, you will be responsible for amounts over the Covered Charge.

Preferred Providers

When you receive Covered Services from a Preferred Provider, you pay an annual Deductible and, after meeting the Deductible, you pay a percentage of Covered Charges (Coinsurance). Preferred Provider office visit charges are not subject to the Coinsurance or Deductible unless listed as otherwise on your summary.

Nonpreferred Providers

When you receive Covered Services from a Nonpreferred Provider, you have a higher Deductible amount to meet each year and you must pay a higher percentage of Covered Charges for Nonpreferred Provider services. If the Covered Charge is less than the billed charge, you will also be responsible for paying the difference when you receive services from a Nonpreferred Provider.

OUT-OF-POCKET LIMIT

The Out-of-Pocket Limit is the maximum amount of Deductible, Coinsurance, and Copayments that you pay for most Covered Services in a Calendar Year.

The Out-of-Pocket Limit amount that a Member must meet depends on whether you have Individual or Family Coverage. Unlike the Deductible provision, there are **two** separate Out-of-Pocket Limits for Preferred Provider and Nonpreferred Provider services. An Individual Coverage Member must meet the applicable “Individual Coverage” Out-of-Pocket Limit before this Plan begins to pay **100 percent** of his/her Covered Charges for Preferred Provider or Nonpreferred Provider services, as applicable, for the rest of the Calendar Year. The higher Nonpreferred Provider limit must be met before this Plan pays **100 percent** of most of the Members Covered Charges for Nonpreferred Provider services.

The Out-of-Pocket amounts for Preferred Provider services are **not** applied to the Nonpreferred Provider Out-of-Pocket Limit. In addition, the Out-of-Pocket amounts for Nonpreferred Provider services are **not** applied to the Preferred Provider Out-of-Pocket Limit.

Individual Limits

Once your Coinsurance amounts for Preferred Provider services in a Calendar Year reaches the individual Preferred Provider amount indicated on the *Summary of Benefits*, this Plan pays 100 percent of most of your covered Preferred Provider charges for the rest of the Calendar Year.

Once your Coinsurance amounts for Nonpreferred Provider services in a Calendar Year reaches the higher individual Nonpreferred Provider amount indicated on the *Summary of Benefits*, this Plan pays 100 percent of most of your covered Nonpreferred Provider charges for the rest of the Calendar Year.

Family Limits

An entire family must meet the “Family Coverage” Out-of-Pocket Limits indicated in the *Summary of Benefits* before this Plan begins to pay **100 percent** of Preferred Provider or Nonpreferred Provider Covered Charges for any covered family member. The applicable limit is met when the total Deductible and Coinsurance for all family reaches the amount specified in the *Summary of Benefits*. **Note:** There are no “individual” limits to meet for a Member under “Family Coverage.” An entire family must first meet the Out-of-Pocket Limit(s) and one family member may satisfy an entire Preferred Provider or Nonpreferred Provider limit for the whole family.

What Is Not Included in the Out-of-Pocket Limits

The following amounts are **not** applied to the Out-of-Pocket Limits and are **not** eligible for 100 percent payment under this provision:

- penalty amounts
- non-Covered expenses
- amounts in excess of Covered Charges

See the Summary of Benefits for Deductible amounts, Coinsurance percentages and Out-of-Pocket Limit amounts.

CHANGES TO THE COST-SHARING AMOUNTS

Copayments, Coinsurance percentage amounts, Deductibles, and Out-of-Pocket Limits may change during a Calendar Year. If changes are made, the change applies only to services received after the change goes into effect (for Inpatient Services, benefits are determined based on the date you are admitted to the Facility). You will be notified if changes are made to this Plan.

If your Group increases the Deductible or Out-of-Pocket Limit amounts during a Calendar Year, the new amounts must be met during the same Calendar Year. For example, if you have met your Deductible and your Group changes to a higher Deductible, you will not receive benefit payments for services received after the change went into effect until the increased Deductible is met.

If your Group decreases the Deductible or Out-of-Pocket Limit amounts, you will not receive a refund for amounts applied to the higher Deductible or Out-of-Pocket Limit.

If you must change from Individual Coverage to Family Coverage because you must add an Eligible Family Member to your coverage, you and your new Eligible Family Member must meet the higher Family Coverage Deductible and Out-of-Pocket Limit. **Exception:** If you must switch to Family Coverage because of adding an eligible newborn child within the time limits specified in *Enrollment and Termination*, you will not be required to meet the Family Coverage Deductible and Out-of-Pocket Limits for covered Hospital services related to routine newborn nursery care. However, the newborn's pediatrician services for routine newborn care *will* be subject to Family Coverage Deductible and Out-of-Pocket provisions.

If you lose an Eligible Family Member and must switch from Family to Individual Coverage, you will be given credit for all amounts applied to both the Family Coverage Deductible and the Family Coverage Out-of-Pocket Limit. However, you will not be given a refund for any amounts that are in excess of the new individual coverage amount.

If your employer provided a choice of **two or more** benefit plan options and you wish to change to a lower or higher Deductible (and Out-of-Pocket Limit), you may do so only during your Group's annual renewal period.

BENEFIT LEVEL EXCEPTIONS

Benefits will be provided as indicated on the *Summary of Benefits*, except as listed below.

Emergency Care

If you visit a Nonpreferred Provider for Emergency Care services, the Preferred Provider Deductible and Coinsurance is applied only to the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related inpatient hospitalization. (Office/Urgent Care Facility services are not considered “Emergency Care” for purposes of this provision.) Non-Emergency services provided in

an emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

For follow-up care (which is no longer considered Emergency Care) and for all other non-Emergency Care, you will receive benefit for the services of a Nonpreferred Provider, even if a Preferred Provider is not available to perform the service, except as specified below. (See “Emergency and Urgent Care” in *Section 5: Covered Services* for more information.)

Transition of Care

This provision applies to both Continuity of Care and Transition of Care. If your Health Care Provider leaves the BCBSNM Provider network (for reasons other than medical competence or professional behavior) or if you are a new Member and your Provider is not in the Provider network when you enroll, BCBSNM may authorize you to continue an ongoing course of treatment with the Provider for a transitional period of time of not less than 30 days. (If necessary and ordered by the treating Provider, BCBSNM may also authorize transitional care from other Out-of-Network Providers.) An ongoing course of treatment will include, but is not limited to: (1) Treatment for a life-threatening condition, defined as a disease or condition for which likelihood of death is probable unless the course of the disease or condition is interrupted; (2) Treatment for a serious acute condition, defined as a disease or condition requiring complex ongoing care which the covered person is currently receiving, such as Chemotherapy, Radiation Therapy or post-operative visits; (3) The second or third trimester of pregnancy, through the postpartum period; or (4) An ongoing course of treatment for a health condition for which a treating Physician or Health Care Provider attests that discontinuing care by that Physician or Health Care Provider would worsen the condition or interfere with anticipated outcomes. The period will be sufficient to permit coordinated transition planning consistent with your condition and needs. Special provisions may apply if the required transitional period exceeds 30 days. Call the BCBSNM Customer Service department for details.

Members who extend coverage under an extension of benefits due to disability are not eligible to receive Prior Authorization for services of an Out-of-Network Provider. Services of an Out-of-Network Provider are **not** covered at the in-network level (if any) in such instances of extended coverage.

Unsolicited Providers

In some states, the local BCBS Plan does not offer Preferred Provider contracts to certain types of Providers (e.g., Home Health Care Agencies, Chiropractors, Ambulance Providers). These Provider types are referred to as “unsolicited Providers.” Unsolicited Providers vary from state to state. If you receive Covered Services from an “unsolicited Provider” outside New Mexico, you will receive the Preferred Provider benefit level for those services. However, the unsolicited Provider may still bill you for amounts that are in excess of Covered Charges. You will be responsible for these amounts, in addition to your Deductible and Coinsurance.

Ancillary Provider

Once you have obtained Prior Authorization for an inpatient Admission to a Preferred Hospital or treatment Facility, your Preferred Physician or Hospital will make every effort to ensure that you receive ancillary services from other Preferred Providers. If you receive Covered Services from a **Preferred** Physician for Outpatient Surgery or inpatient medical/surgical care in a Preferred Hospital or treatment Facility, services of a Nonpreferred radiologist, anesthesiologist, or pathologist will be paid at the Preferred Provider level and you will not be responsible for any amounts over the Covered Charge (these are the only three specialties covered under this provision).

If a **Nonpreferred** surgeon provides your care or you are admitted to a Nonpreferred Hospital or other treatment Facility, you **will** be responsible for amounts over the Covered Charge for any services received from Nonpreferred Providers during the Admission or procedure.

Note: Except as described above, the Preferred Provider benefit level will not apply to non-Emergency services when received from a Nonpreferred Provider.

SECTION 4: UTILIZATION MANAGEMENT

Utilization Management may be referred to as Medical Necessity reviews, utilization review (UR), or medical management reviews. A Medical Necessity review for a procedure/service, Inpatient admission, and length of stay is based on BCBSNM Medical Policy and/or level of care review criteria. Medical Necessity reviews may occur when a Provider requests an authorization prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a Post-Service Medical Necessity Review. If requested, services normally subject to a Post-Service Medical Necessity Review may be review for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Refer to the definition of Medically Necessary/Medical Necessity in **Section 10: Definitions** in this Benefit Booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

Prior Authorizations are a requirement that you, your Provider, or an authorized representative, must obtain authorization from BCBSNM before you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- services must be covered and Medically Necessary;
- services must not be excluded; and
- the procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits. Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this plan, and services that are not Medically Necessary will be denied.

Medically Necessary/Medical Necessity is defined as Health Care Services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral, or Mental Disorder condition, illness, injury, or disease.

Please note:

Prior Authorization is a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient and before you receive certain types of services.

Even when this plan is not your primary coverage, these Prior Authorization procedures must be followed. Failure to do so may result in a denial of benefits.

Most Prior Authorization requests will be evaluated and you and/or the Provider notified of BCBSNM's decision within 15 days of receiving the request (within 24 hours for Urgent Care requests). If requested services are not approved, the notice will include: 1) the reasons for denial; 2) a reference to the health care plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial (see **Section 8: Claims Payments and Appeals**) and "If Your Prior Authorization Request is Denied" later in this section).

Retroactive approvals will not be given, except for Emergency and Maternity-related Admissions, and you may be responsible for the charges if Prior Authorization is not obtained before the service is received.

HOW THE PRIOR AUTHORIZATION PROCEDURE WORKS

When you or your Provider call, BCBSNM's Health Services representative will ask for information about your medical condition, the proposed treatment plan, and the estimated length of stay (if you are being admitted). The Health Services representative will evaluate the information and notify the requesting Provider (usually at the time of the call) if Prior Authorization of benefits for the proposed hospitalization or other services is approved. If Prior Authorization is denied for the Admission or other services, you may appeal the decision as explained in **Section 8: Claims Payments and Appeals**.

BCBSNM PREFERRED PROVIDERS

If the attending Physician is a Preferred Provider that contracts directly with BCBSNM, obtaining Prior Authorization is not your responsibility — it is the Provider's. Preferred Providers must obtain Prior Authorization from BCBSNM (or from the Behavioral Health Unit (BHU), when applicable) in the following circumstances:

- when recommending any non-Emergency Admission, re-Admission, or transfer
- when a covered newborn stays in the Hospital longer than the mother
- before providing or recommending a service listed under “Other Prior Authorizations,” later in this section

Note: Providers that contract with other Blue Cross and Blue Shield plans are not familiar with the Prior Authorization requirements of BCBSNM. Unless a Provider contracts directly with BCBSNM as a Preferred Provider, the Provider is not responsible for being aware of this plan's Prior Authorization requirements.

NONPREFERRED PROVIDERS OR PROVIDERS OUTSIDE NEW MEXICO

If any Provider outside New Mexico (except for those contracting as Preferred Providers directly with BCBSNM) or any Nonpreferred Provider recommends an Admission or a service that requires Prior Authorization, the Provider is not obligated to obtain the Prior Authorization for you. In such cases, it is your responsibility to ensure that Prior Authorization is obtained. If authorization is not obtained before services are received, your benefits for Covered Services may be denied for some services or you will be entirely responsible for the charges. The Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called.

INPATIENT PRIOR AUTHORIZATION

Prior Authorization is required for all Admissions before you are admitted to the Hospital or other inpatient treatment Facility (e.g., Skilled Nursing Facility, Residential Treatment Center, physical rehabilitation Facility, long-term acute care (LTAC)). If you are receiving services at an Out-of-Network Facility (or from an In-Network Facility outside New Mexico) and you do not obtain authorization within the time limits indicated in the table below, benefits for covered Facility services will be denied as explained under “*Not Obtaining Inpatient Prior Authorization*” below.

Type of inpatient Admission, re-Admission, or transfer:	When to obtain inpatient Admission Prior Authorization:
Non-Emergency	Before the patient is admitted.
Emergency, non-Maternity; or Emergency Room services to treat Mental Disorders or Chemical Dependency	Within 48 hours of the Admission. If the patient's condition makes it impossible to call within 48 hours, call as soon as possible.
Maternity-related (including eligible newborns when the mother is not covered)	Before the mother's Maternity due date, soon after pregnancy is confirmed. BCBSNM must be notified as soon as possible if the mother's stay is greater than 48 hours for a routine delivery or greater than 96 hours for a C-section delivery.
Extended stay, newborn (an eligible newborn stays in the Hospital longer than the mother)	Before the newborn's mother is discharged.

NOT OBTAINING INPATIENT PRIOR AUTHORIZATION

If you or your Provider do not receive Prior Authorization for inpatient benefits, but you choose to be hospitalized anyway, no benefits may be paid as indicated in the table below:

If, based on a review of the Claim:	Then:
The Admission was not for a Covered Service.	Benefits for the Facility and all related services will be denied.*
The Admission was for an item listed under "Other Prior Authorizations," (e.g., elective Admissions).	Benefits for the Facility and all related services may be denied.*
The Admission was for any other Covered Service but hospitalization was not Medically Necessary.	Benefits may be denied for room, board, and other charges that are not Medically Necessary.*
The Admission was for a Medically Necessary Covered Service.	Benefits for the Facility's Covered Services may be denied.*

*Noncovered and denied services are not applied to any Deductible or Out-of-Pocket Limit. You are responsible for paying this amount for Out-of-Network services.

Inpatient Prior Authorization requirements may affect the amounts that this plan pays for Inpatient Services, but they do not deny your right to be admitted to any Facility and to choose your services.

OTHER PRIOR AUTHORIZATIONS

In addition to Prior Authorization review for all non-Emergency Inpatient Services, Prior Authorization is required for certain other services listed below. Most Prior Authorizations may be requested over the telephone. If a *written* request is needed, have your Provider call a Health Services representative for instructions for filing a written request for Prior Authorization. An Out-of-Network Provider, or an out-of-state Network Provider may call on your behalf, but it is your responsibility to ensure that BCBSNM is called. Preferred Providers that contract directly with BCBSNM are responsible for requesting all necessary Prior Authorizations for you. (See "*Inpatient Prior Authorization*" (or similar heading) for further information regarding inpatient Prior Authorization requirements.)

If Prior Authorization is not obtained for the following services and any related services, the service will be reviewed for Medical Necessity and subject to one of the following actions in the chart below:

No Prior Authorization Received:	Claim Disposition: Preferred	Claim Disposition: Nonpreferred
Service is Medically Necessary	Claim is paid based on Members benefit plan	Claim is paid based on Members benefit plan
Service is not Medically Necessary	Claim is denied; Member is held harmless	Claim is denied; Member is held harmless

For specific details about the Preauthorization requirement for the above referenced Outpatient Services, please call Customer Service at the number on the back of your Identification Card. BCBSNM reserves the right to no longer require Preauthorization during the Calendar Year. Updates to the list of services requiring Preauthorization may be confirmed by calling Customer Service.

BCBSNM will send a letter to you, your Physician and the Hospital or Facility with a determination of your Prior Authorization review no later than five (5) calendar days after BCBSNM receives the request for Prior Authorization review. However, in some instances depending on the timing of the request for review, these letters will not be received prior to your scheduled date of service or procedure.

All services, including those for which Prior Authorization is required, must meet the standards of Medical Necessity criteria described in **Section 5: Covered Services**, “Medically Necessary Services,” and will not be covered, if excluded, for any reason. Some services requiring Prior Authorization may not be approved for payment (for example, due to being Experimental, Investigational or Unproven, or not Medically Necessary). Services requiring Prior Authorization are subject to review and change by BCBSNM.

The Prior Authorization requirements noted above do not apply to mandated benefits, unless permitted by law and stated in the provisions of a specific mandated benefit. The Medical Necessity requirements noted above do not apply to mandated benefits, unless permitted by law.

It is strongly recommended that you request a Recommended Clinical Review for benefits for high-cost services in order to reduce the likelihood of benefits being denied after charges are incurred. See “Recommended Clinical Review” later in this section for further information.

PRIOR AUTHORIZATION OF MENTAL DISORDER/CHEMICAL DEPENDENCY SERVICES

You must obtain Prior Authorization for all inpatient Mental Disorder and Chemical Dependency services from the BCBSNM Behavioral Health Unit (BHU) at the phone number listed on the back of your ID Card. Prior Authorization is also required for the following Outpatient Services for treatment of Mental Disorder and/or Chemical Dependency:

- psychological testing
- neuropsychological testing
- Intensive Outpatient Program (IOP) treatment
- electroconvulsive therapy (ECT)
- repetitive transcranial magnetic stimulation
- Applied Behavior Analysis (ABA) therapies

Prior Authorization is not required for Group, individual, or family therapy outpatient office visits to a Physician or other Professional Provider licensed to perform Covered Services under this health plan.

For services needing Prior Authorization, you or your Health Care Provider should call the BHU before you schedule treatment. **NOTE:** Your Provider may be asked to submit clinical information in order to obtain Prior Authorization for the services you are planning to receive. Services may be authorized or may be denied based on the clinical information received. (*Clinical information* is information based on actual observation and treatment of a particular patient.)

If you or your Provider do not call for Prior Authorization of non-Emergency Inpatient Services, benefits for covered, Medically Necessary inpatient Facility care may be denied. If Inpatient Services received without Prior Authorization are determined to be not Medically Necessary or not eligible for coverage under your plan for any other reason, the Admission and all related services will be denied. In such cases, you may be responsible for all charges.

If Prior Authorization is not obtained before you receive psychological testing, IOP treatment, neuropsychological testing, electroconvulsive therapy repetitive transcranial magnetic stimulation or Applied Behavior Analysis (ABA) therapies, your Claims may be denied if it is not Medically Necessary. In such cases, you may be responsible for all charges. Therefore, you should make sure that you (or your Provider) have obtained Prior Authorization for Outpatient Services before you start treatment.

IF YOUR PRIOR AUTHORIZATION REQUEST IS DENIED

BCBSNM has established written procedures for reviewing and resolving your concerns. There are two different procedures depending upon the type of issue involved - pre-service or post-service. This is a summary of the procedures that apply to Prior Authorization requests ("pre-service Claims"). For appeals involving post-service Claims payments or denials, see ***Section 8: Claims Payments and Appeals***.

If you are dissatisfied at any time during the process described below, you may file an appeal. You may designate a representative to act for you in the review and appeal procedures. Your designation of a representative must be in writing in order to protect against disclosure of information about you except to your authorized representative. If you make an inquiry or request an appeal under the following procedures, you will not be subject to retaliatory action by BCBSNM.

If you have an inquiry or a concern about any Prior Authorization request, call your Customer Service Advocate for assistance. Many complaints or problems can be handled informally by calling or writing BCBSNM Customer Service. If you make an oral complaint, a BCBSNM Customer Service Advocate will assist you.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations and exclusions under this Benefit Booklet.

Upon completion of the preadmission or emergency Admission review, BCBSNM will send you a letter confirming that you or your representative called BCBSNM. A letter authorizing a length of service or length of stay will be sent to you, your Physician, Behavioral Health Practitioner and/or the Hospital or Facility.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care services are Medically Necessary. If the extension is determined not to be Medically Necessary, the coverage for the length of stay/service will not be extended, except as otherwise described in the *Appeal Procedure* section under this Benefit Booklet.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the plan for continued services. If you, your Provider or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an ongoing course of treatment, the plan will make a determination on the request as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

RECOMMENDED CLINICAL REVIEW

Some services that do not require Prior Authorization may be subject to review for evidence of medical necessity for coverage determinations that may occur prior to services rendered, during the course of care or after care has been completed for a Post-Service Medical Necessity Review.

A Recommended Clinical Review is a Medical Necessity review for a Covered Service that occurs before services are completed and helps limit the situations where you have to pay for a non-approved service. BCBSIL will review the request to determine if it meets approved BCBSIL medical policy and/or level of care review criteria for medical and behavioral health services. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, they will not be reviewed for Medical Necessity again on a retrospective basis. Submitted services (subject to Medical Necessity review) not included as part of Recommended Clinical Review may be reviewed retrospectively.

To determine if a specific service or category requires Prior Authorization, visit our website at www.bcbsnm.com/find-care/where-you-go-matters/utilization-management.com for the required Prior Authorization list, which is updated when new services are added or when services are removed. You can also call Customer Service at the toll-free telephone number on the back of your Identification Card. You or your Provider may request a Recommended Clinical Review.

General Provisions Applicable to All Recommended Clinical Review

a) No Guarantee of Payment

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by BCBSNM. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Benefit Booklet. Even if the service has been approved on a Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example, the Member may have become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

b) Request for Additional Information

The Recommended Clinical Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for a Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this Plan.

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms Member eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

a) No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Benefit Booklet. Post-Service Medical Necessity Reviews do not guarantee payment of benefits by BCBSNM, for instance a Member may become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

b) Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the Member's health care Provider or pharmacist. In addition to the written request for Post-Service Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSNM to make a determination of coverage pursuant to the terms and conditions of this Plan.

SECTION 5: COVERED SERVICES

This section describes the services and supplies covered by this Group Health Care Plan, subject to the limitations and exclusions in *Section 3: How Your Plan Works* and *Section 6: General Limitations and Exclusions*. All payments are based on Covered Charges as determined by BCBSNM.

MEDICALLY NECESSARY SERVICES

A service or supply is Medically Necessary when it is provided to diagnose or treat a covered medical condition, is a service or supply that is covered under this Plan, and is determined by BCBSNM's medical director (in consultation with your Provider) to meet the following definition:

Medically Necessary is defined as Health Care Services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, Mental Disorder or Chemical Dependency condition, illness, injury, or disease.

All services must be eligible for benefits as described in this section, not listed as an exclusion and/or meet all of the conditions of Medical Necessity as defined above in order to be covered.

Note: Because a Health Care Provider prescribes, orders, recommends, or approves a service does not make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion. BCBSNM at its sole discretion will determine Medical Necessity based on the criteria above.

Prior Authorizations are a requirement that you or your Provider must obtain authorization from BCBSNM before you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- services must be covered and Medically Necessary;
- services must not be excluded; and
- the procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. **Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits.** Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this Plan, and services not Medically Necessary will be denied.

AMBULANCE SERVICES

This Plan covers Ambulance services in an Emergency (e.g., cardiac arrest, stroke). When you cannot be safely transported by any other means in a non-Emergency situation, this Plan also covers Medically Necessary Ambulance transportation to a Hospital with appropriate facilities, or from one Hospital to another.

Air Ambulance

Ground Ambulance is usually the approved method of transportation. This Plan covers Air Ambulance only when terrain, distance, or your physical condition requires the use of Air Ambulance services or for high-risk Maternity and newborn transport to Tertiary Care Facilities. To be covered, non-Emergency Air Ambulance services require **Prior Authorization** from BCBSNM.

BCBSNM determines on a case-by-case basis when Air Ambulance is covered. If BCBSNM determines that ground Ambulance services could have been used, benefits are limited to the cost of ground Ambulance services.

Exclusions

This Plan does **not** cover:

- commercial transport, private aviation, or air taxi services
- services not specifically listed as covered, such as private automobile, public transportation, or wheelchair Ambulance
- services ordered only because other transportation was not available, or for your convenience

AUTISM SPECTRUM DISORDERS

For a Member **19 years old or younger** (or, if enrolled in high school, 22 years old or younger), this Plan covers the Habilitative and Rehabilitative treatment of Autism Spectrum Disorder through Speech Therapy, Occupational Therapy, Physical Therapy, and Applied Behavioral Analysis (ABA). Providers must be credentialed to provide such therapy.

Treatment must be prescribed by the Members treating Physician in accordance with a treatment plan. The **treatment plan** must obtain Prior Authorization from BCBSNM to determine that the services are to be performed in accordance with such a treatment plan; if services are received but were not approved as part of the treatment plan, benefits for services will be denied.

Services not approved through Prior Authorization by BCBSNM must be performed in accordance with a treatment plan and must be Medically Necessary or benefits for such services will be denied. **Note:** Habilitative Services are defined as Occupational Therapy, Physical Therapy, Speech Therapy and other Health Care Services that help you keep, learn, or improve skills and functioning for daily living, as prescribed by your Physician pursuant to a treatment plan. Examples include therapy for a child who isn't walking or talking at the expected age and includes therapy to enhance the ability of a child to function with a Congenital, Genetic or Early Acquired disorder. These services also may include Physical Therapy and Occupational Therapy, speech-language pathology, and other services for people with disabilities in a variety of Inpatient and/or Outpatient settings, with coverage as described in this Policy. Please review the **Short-Term Rehabilitation: Occupational, Physical, Speech Therapy** section of this Policy.

Services are subject to usual Member cost-sharing features such as Deductible, Coinsurance, Copayments, and Out-of-Pocket Limits - based on place of treatment and type of service. All services are subject to the *General Limitations and Exclusions* except where explicitly mentioned as being an exception. This benefit is subject to the other general provisions of the Plan, including but not limited to: coordination of benefits, Participating Provider agreements, restrictions on Health Care Services, including review of Medical Necessity, case management, and other Managed Care provisions.

Regardless of the type of therapy received, Claims for services related to Autism Spectrum Disorder should be mailed to BCBSNM - **not** to the behavioral health services administrator.

Exclusions

This Plan does **not** cover:

- any Experimental, long-term, or maintenance treatments unless listed above
- Services that are not Medically Necessary

- chelation therapy
- hippotherapy, animal therapy, or art therapy

DENTAL-RELATED SERVICES AND ORAL SURGERY

The following services are the only Dental-Related Services and oral surgery procedures covered under this Plan. When alternative procedures or devices are available, benefits are based upon the most Cost-Effective, medically appropriate procedure or device available.

Dental and Facial Accidents

Benefits for Covered Services for the treatment of Accidental Injuries to the jaw, mouth, face or Sound Natural Teeth are generally subject to the same limitations, exclusions and Member cost-sharing provisions that would apply to similar services when not dental-related (e.g., x-rays, Medical Supplies, Surgical Services). This also includes services or supplies provided for the treatment of an Accidental Injury resulting from an act of domestic violence or a medical condition.

To be covered, *initial* treatment for the Accidental Injury should be sought as soon as possible after an accident to minimize any adverse effects that may occur due to lack of appropriate medical attention. Any services required after the initial treatment must be associated with the initial accident in order to be covered. (For treatment of TMJ or CMJ injuries, see "TMJ/CMJ Services.")

Facility Charges

This Plan covers inpatient or outpatient Hospital expenses for Dental-Related Services **only** if the patient is under age six or has a non-dental, hazardous physical condition (e.g., heart disease or hemophilia) that makes hospitalization Medically Necessary. All Hospital Services for dental-related and oral surgery services must be obtain Prior Authorization from BCBSNM. **Note:** The Dentist's services for the procedure will not be covered unless listed as eligible for coverage in this section.

Reminder: If Hospital Covered Services are recommended by a Nonpreferred (Out-of-Network) Provider, you are responsible for assuring that your Provider obtains Prior Authorization for outpatient Covered Services or benefits may be denied. (See Section 4: Utilization Management.)

Oral Surgery

This Plan covers the following oral surgical procedures only:

Diabetes Self-Management Education

This Plan covers diabetes self-management training including if you have elevated blood glucose levels. EMERGENCY CARE AND URGENT CARE

Emergency Care

This Plan covers medical or surgical procedures, treatments, or services delivered after the sudden onset of what reasonably appears to be a medical condition with symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a reasonable layperson to result in jeopardy to his/her health; serious impairment of bodily functions; serious dysfunction of any bodily organ or part, or disfigurement. (In addition, services must be received in an Emergency room, trauma center, or Ambulance to qualify as an Emergency.) Examples of Emergency conditions include, but are not limited to: heart attack or suspected heart attack, coma, loss of respiration, stroke, acute appendicitis, severe allergic reaction, or poisoning.

Non-Emergency services provided in an emergency room for treatment of Mental Disorders or Chemical Dependency will be paid the same as Emergency Care services.

Emergency Room Services

Use of an Emergency center for non-Emergency Care is NOT covered. However, services will not be denied if you, in good faith and possessing average knowledge of health and medicine, seek care for what reasonably appears to be an Emergency — even if your condition is later determined to be non-Emergency.

Acute Emergency Care is available 24 hours per day, 7 days a week. If services are received in an Emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered. Services received in an Emergency room that do not meet the definition of Emergency Care may be reviewed for appropriateness and may be denied. If you disagree with the Claim Administrator's determination in processing your benefits as non-Emergency Care instead of Emergency Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review *Section 8: Claims Payments and Appeals* section of this Policy for specific information on your right to seek and obtain a full and fair review of your Claim.

If you visit a Nonpreferred Provider for Emergency Care, the Preferred Provider benefit is applied only to the initial treatment, which includes Emergency room services and, if you are hospitalized **within 48 hours** of an Emergency, the related inpatient hospitalization. Once you are discharged, covered follow-up care from a Nonpreferred Provider is paid at the Nonpreferred Provider benefit level. (Services received in an office or Urgent Care Facility are not considered Emergency Care for purposes of this provision.)

Services provided in an emergency room that are not Emergency Care may be excluded from emergency coverage, although these services may be covered under another benefit, if applicable. Emergency Care services – including non-Emergency services provided in an emergency room for Mental Disorders or Chemical Dependency – performed by a Nonpreferred Provider will be paid at the Preferred Provider level.

Emergency Admission Notification

To ensure that benefits are correctly paid and that an Admission you believe is Emergency-related will be covered, you or your Physician or Hospital should notify BCBSNM as soon as reasonably possible following Admission.

Follow-Up Care

For all follow-up care (which is no longer considered Emergency Care) and for all other non-Emergency Care, you will receive the Nonpreferred Provider benefit for the Covered Services of a Nonpreferred Provider, even if a Preferred Provider is **not** available to perform the service.

Urgent Care

This Plan covers Urgent Care services, which means Medically Necessary medical or surgical procedures, treatments, or services received for an unforeseen condition that is *not* life-threatening. The condition does, however, require prompt medical attention to prevent a serious deterioration in your health (e.g., high fever, cuts requiring stitches).

Urgent Care is covered as any other type of service. However, if services are received in an Emergency room or other trauma center, the condition and treatment must meet the definition of Emergency Care in order to be covered.

HEARING AIDS/RELATED SERVICES FOR CHILDREN UP TO AGE 21

This Plan covers the cost of hearing aids, the fitting and dispensing fees for hearing aids and ear molds, **limited to one hearing aid per hearing-impaired ear every 36 months** for Members up to 21 years old. This 36-month benefit period begins on the date the first covered hearing aid-related service is received and payable under this provision and ends 36 months later. The next benefit period begins 36 months after the first hearing aid-related service (e.g., fitting cost, ear mold, etc.) OR on the date the next hearing aid-related service, whichever length of time is greater.

Benefits for hearing aid-related services payable under this provision are subject to Coinsurance amount. Benefits for hearing aid-related services will be provided at **80 percent** of the Covered Charges after Deductible is met. (Other Covered Services, such as hearing examinations and audiometric testing related to a hearing aid need for Members up to 21 years old are subject to the usual plan Coinsurance provisions for office services and diagnostic testing. Benefits for these additional services are not applied to the 36-month maximum benefit available for hearing aids.) **Routine hearing examinations and related services are not covered for Members age 21 and older.**

HOME HEALTHCARE/HOME I.V. SERVICES

Nursing management must be through a Home Health Care Agency approved by BCBSNM. A *visit* is one period of home health service of up to four hours.

Before you receive home I.V. therapy, your Physician or Home Health Care Agency must obtain **Prior Authorization** from BCBSNM. **This Plan does not cover home I.V. services without Prior Authorization.**

(See definition of a Hospice Benefit Period in *Section 10* for more information.)

If you do not follow the inpatient Prior Authorization procedures, benefits for covered Facility services will be **denied** as explained in *Section 4: Utilization Management*.

Covered Services

For acute inpatient medical or surgical care received during a covered Hospital Admission, this Plan covers room and board and other Medically Necessary services provided by the Facility.

Medical Detoxification

This Plan also covers Medically Necessary services related to Medical Detoxification from the effects of Alcohol or Drug Abuse. Detoxification is the treatment in an acute care Facility for withdrawal from the physiological effects of Alcohol or Drug Abuse, which usually takes about three days in an acute care Facility. Benefits for detoxification services are the same as for any other acute medical/surgical condition. Prior Authorization is required for all inpatient hospitalizations. See “Psychotherapy (Mental Disorder and Chemical Dependency)” for information about benefits for Chemical Dependency rehabilitation. See *Section 4: Utilization Management* for more information about Prior Authorization requirements.

INJECTIONS AND INJECTABLE DRUGS

This plan covers most FDA-approved therapeutic injections administered in a Provider's office. However, this plan covers some injectable drugs only when Prior Authorization is received from BCBSNM. Your BCBSNM-Contracted Provider has a list of those injectable drugs that require Prior Authorization. If you need a copy of the list, call a BCBSNM Customer Service Advocate. (When you request Prior Authorization, you may be directed to purchase the self-injectable medication through your drug plan.)

BCBSNM reserves the right to exclude any injectable drug currently being used by a Member. Proposed new uses for injectable drugs previously approved by the FDA will be evaluated on a medication-by-medication basis. Call a BCBSNM customer Service Advocate if you have any questions about this policy.

MATERNITY/REPRODUCTIVE SERVICES AND NEWBORN CARE

Like benefits for other conditions, Member cost-sharing amounts for pregnancy, family planning, infertility, and newborn care are based on the place of service and type of service received.

Family Planning and Infertility-Related Services

For Preventive oral contraceptive coverage and contraceptive devices purchased from a pharmacy, see your Drug Plan Rider.

Family Planning

Covered family planning services include:

- health education
- the following categories of FDA-approved contraceptive drugs, devices, and services, subject to change as FDA guidelines are modified: progestin-only contraceptives, combination contraceptives, Emergency contraceptives, extended-cycle/continuous oral contraceptives, cervical caps, diaphragms, implantable contraceptives, intra-uterine devices (IUDs), injectables, transdermal contraceptives, and vaginal contraceptive devices

When obtaining the items noted above, you may be required to pay the full cost and then submit a Claim form with itemized receipts to BCBSNM for reimbursement. Please refer to *Section 8: Claims Payments and Appeals* of this Benefit Booklet for information regarding submitting Claims.

Infertility-Related Services

This Plan covers the following infertility-related treatments. (**Note:** the following procedures only *secondarily* treat infertility):

- surgical treatments such as opening an obstructed fallopian tube, epididymis, or vas deferens when the obstruction is **not** the result of a surgical sterilization
- replacement of deficient, naturally occurring hormones **if** there is documented evidence of a deficiency of the hormone being replaced

Diagnostic *testing* is covered only to diagnose the cause of infertility. Once the cause has been established and the treatment determined to be non-Covered, no further testing is covered. For example, this Plan will cover lab tests to monitor hormone levels following the hormone replacement treatment listed as covered above. However, daily ultrasounds to monitor ova maturation are **not** covered since the testing is being used to monitor a non-Covered infertility treatment.

This plan pays benefits for infertility services and associated expenses for the diagnosis and treatment of an underlying medical condition that causes infertility, when under the direction of a Physician.

Note: Prior Authorization is required before receiving services. Refer to the Utilization Management section for more information. If Prior Authorization is not received, benefits may be denied.

A maximum lifetime benefit of 12 attempts per Member is allowed for infertility treatments. This maximum is accumulated from any expenses related to infertility treatment paid following a confirmed diagnosis of infertility. Expenses for infertility services incurred without a diagnosis of infertility will not be reimbursed. The maximum lifetime benefit does not include expenses related to diagnosing infertility, testing relating to determining the cause of infertility or the diagnosis and treatment of an underlying condition. A covered daughter also has coverage for Pregnancy-Related Services. However, if the parent of the newborn *is* a covered child of the Subscriber (i.e., the newborn is the Subscriber's grandchild), benefits are **not** available for the newborn except for the first 48 hours of Routine Newborn Care (or 96 hours in the case of a C-section).

For example, tests such as amniocentesis or ultrasound to determine the gender of an unborn child are **not** covered.)
- necessary anesthesia services by a Provider qualified to perform such services, including Acupuncture used as an anesthetic during a covered surgical procedure and administered by a Physician, a licensed Doctor of Oriental Medicine, or other practitioner as required by law
- when necessary to protect the life of the infant or mother, coverage for transportation, including air transport, for the medically high-risk pregnant woman with an impending delivery of a potentially viable infant to the nearest available Tertiary Care Facility for newly born infants (See "Ambulance Services" for details.)
- services of a Physician who actively assists the operating surgeon in performing a covered surgical procedure when the procedure requires an assistant
- elective, spontaneous, or therapeutic termination of pregnancy prior to full term

Newborn Care

If you do not have coverage for your newborn on the date of birth, **you must add coverage within 31 days of birth** in order for any newborn charges, routine or otherwise, to be covered beyond the first 48 hours of birth (or 96 hours in the case of a C-section).

Newborn Eligibility

If you do not elect to add coverage for your newborn within 31 days, and wish to add the child to coverage later, the child is considered a Late Applicant unless eligible for a Special Enrollment. **Note:** If the parent of the newborn is a covered child of the Subscriber (i.e., the newborn is the Subscriber's grandchild), services for the newborn are **not** covered except for the first 48 hours of Routine Newborn Care (or 96 hours in the case of a C-section).

PHYSICIAN VISITS/MEDICAL CARE

This section describes benefits for therapeutic injections, allergy care and testing, and other nonsurgical, nonroutine medical visits to a Health Care Provider for evaluating your condition and planning a course of treatment. See specific topics referenced in this section for more information regarding a particular type of service (e.g., "Preventive Services" "Transplant Services," etc.).

This Plan covers Medically Necessary care provided by a Physician or other Professional Provider for an illness or Accidental Injury. **Your choice of Provider can make a difference in the amount you pay.** (See *Section 3: How Your Plan Works.*)

Office Visits and Consultations

Benefits for services received in a Physician's office are based on the type of service received while in the office. Services covered under this provision include allergy care, therapeutic injections, office visits, consultations (including second or third surgical opinions) and examinations, and other nonroutine office medical procedures — when not related to Hospice Care or payable as part of a surgical procedure. (See "Hospice Care" or "Surgery and Related Services" if the medical visits are related to either of these services.)

Allergy Care

This Plan covers direct skin (percutaneous and intradermal) and patch allergy tests, radioallergosorbent testing (RAST), allergy serum, and appropriate FDA-approved allergy injections administered in a Provider's office or in a Facility.

Breastfeeding Support and Services

This Plan covers counseling and support services rendered by a lactation consultant such as a Certified Nurse Practitioner, Certified Nurse Midwife or midwife, not subject to Coinsurance, Deductible, Copayment, or benefit maximums when received from a Provider in the Preferred or Participating Provider network. This Plan covers Medically Necessary expenses related to the diagnosis, monitoring and control of Genetic Inborn Errors of Metabolism as defined in *Section 10: Definitions*. Covered Services include medical assessment, including clinical services, biochemical analysis, Medical Supplies, Prescription Drugs (see your *Drug Plan Rider*), corrective lenses for conditions related to the Genetic Inborn Error of Metabolism, nutritional management and **approved** Special Medical Foods (as defined and described in your *Drug Plan Rider*). In order to be covered, services cannot be excluded under any other provision of this Benefit Booklet and are paid according to the provisions of the Plan that apply to that particular type of service (e.g., Special Medical Foods are covered under

your Drug Plan Rider, medical assessments under “Physician Visits/Medical Care” and corrective lenses under “Supplies, Equipment and Prosthetics”).

To be covered, the Member must be receiving medical treatment provided by licensed Health Care Professionals, including Physicians, dietitians and nutritionists, who have specific training in managing patients diagnosed with Genetic Inborn Errors of Metabolism.

Injections and Injectable Drugs

This Plan covers most FDA-approved therapeutic injections administered in a Provider's office. However, this Plan covers some injectable drugs only when **Prior Authorization** is received from BCBSNM. Your BCBSNM-Contracted Provider has a list of those injectable drugs that require Prior Authorization. If you need a copy of the list, call a BCBSNM Customer Service Advocate. (When you request Prior Authorization, you may be directed to purchase the self-injectable medication through your drug plan.)

BCBSNM reserves the right to exclude any injectable drug currently being used by a Member. Proposed new uses for injectable drugs previously approved by the FDA will be evaluated on a medication-by-medication basis. Call a BCBSNM Customer Service Advocate if you have any questions about this policy.

Mental Disorder Evaluation Services

This Plan covers medication checks and intake evaluations for Mental Disorders, Alcohol, and Drug Abuse. See “Psychotherapy (Mental Disorder and Chemical Dependency)” for psychotherapy and other therapeutic service benefits.

Medical Necessity

In order to be covered, treatment must be Medically Necessary and not Experimental, Investigational or Unproven. Therapy must meet the following definition and conditions:

Medically Necessary/Medical Necessity is defined as Health Care Services determined by a Provider, in consultation with BCBSNM, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national

or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by BCBSNM consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral, or Mental Disorder condition, illness, injury, or disease.

For Psychotherapy (Mental Disorder and Chemical Dependency) Medical Necessity determinations, the applicable generally accepted principles and practices of good medical care and practices guidelines developed by the American Psychiatric Association are contained in the latest version of the *Diagnostic and Statistical Manual*.

Prior Authorization Requirements

Prior Authorizations are a requirement that you or your Provider must obtain authorization from BCBSNM *before* you are admitted as an inpatient or receive certain types of services.

In order to receive benefits:

- services must be covered and Medically Necessary;
- services must not be excluded; and
- the procedures described in this section must be followed regardless of where services are rendered or by whom.

Prior Authorization determines only the Medical Necessity of a specific service and/or an Admission and an allowable length of stay. **Prior Authorization does not guarantee your eligibility for coverage, that benefit payment will be made, or that you will receive benefits.** Eligibility and benefits are based on the date you receive the services. Services not listed as covered, excluded services, services received after your termination date under this Plan, and services that are not Medically Necessary will be denied.

Services Requiring Prior Authorization

Prior Authorization for all inpatient Mental Disorder and Chemical Dependency services (e.g., partial hospitalization, Residential Treatment Centers) must be approved by the Behavioral Health Unit at the phone number listed on the back of your ID Card. Prior Authorization is also required for the following Outpatient Services for treatment of Mental Illness and/or Chemical Dependency:

- outpatient psychological testing
- neuropsychological testing
- Intensive Outpatient Program (IOP) treatment
- electroconvulsive therapy (ECT)
- repetitive transcranial magnetic stimulation
- Applied Behavior Analysis (ABA) therapies

You or your Physician should call the Behavioral Health Unit **before** you schedule treatment. If you do not call before receiving non-Emergency services, **benefits for Covered Services may be denied** as explained in the *Utilization Management* section, earlier. In such cases, you may be responsible for all charges, so please ensure that you or your Provider have received Prior Authorization for any services you plan to receive. The BHU Call Center is open 24/7 to assist Members and Providers with Emergency Admission inquiries and to respond to crisis calls.

If you are admitted for a medical condition and later transferred to another unit in the same or different Facility for Drug Abuse rehabilitation (or vice versa), **both Admissions must receive Prior Authorization.**

Prior Authorization is **not** required for group, individual, or family therapy office visits to a Physician or other Professional Provider licensed to perform Covered Services under this Plan.

Covered Services/Providers

Covered Services include solution-focused evaluative and therapeutic Mental Disorder services (including individual and group psychotherapy) received in a Psychiatric Hospital, an IOP (Intensive Outpatient Program), or an alcoholism treatment program that complies with applicable state laws and regulations, and services rendered by psychiatrists,

Residential Treatment Centers are covered by this Plan. A Residential Treatment Center is a Facility offering a defined course of therapeutic intervention and special programming in a controlled environment which also offers a degree of security, supervision, and structure and is licensed by the appropriate state and local authority to provide such service. It does not include half-way houses, supervised living, group homes, boarding houses, or other facilities that provide primarily a supportive environment and address long-term social needs, even if counseling is provided in such facilities. Patients in Residential Treatment Centers are medically monitored with 24-hour medical availability and 24-hour on-site nursing service for patients with Mental Illness and/or Chemical Dependency disorders.

BCBSNM requires that any Mental Disorder Residential Treatment Center must be appropriately licensed in the state where it is located or accredited by a national organization that is recognized by BCBSNM as set forth in its current credentialing policy, and otherwise meets all other credentialing requirements set forth in such policy.

Your BCBSNM case manager will assist your Provider with information on the exclusive network of Contracted facilities and required approvals. Call BCBSNM Health Services for information on these BCBSNM Transplant programs.

Effect of Medicare Eligibility on Coverage

If you are now eligible for (or are *anticipating* receiving eligibility for) Medicare benefits, **you** are solely responsible for contacting Medicare to ensure that the Transplant will be eligible for Medicare benefits.

Organ Procurement or Donor Expenses

If a Transplant is covered, the surgical removal, storage, and transportation of an organ acquired from a cadaver is also covered. If there is a living donor that requires surgery to make an organ available for a covered Transplant, coverage is available for expenses incurred by the donor for surgery, organ storage expenses, and inpatient follow-up care only.

This Plan does **not** cover donor expenses after the donor has been discharged from the Transplant Facility. Coverage for compatibility testing prior to organ procurement is limited to the testing of cadavers and, in the case of a live donor, to testing of the donor selected.

Bone Marrow, Cornea or Kidney

This Plan covers the following Transplant procedures if **Prior Authorization** is received from BCBSNM (See *Section 4: Utilization Management* for more information about Prior Authorization requirements.):

- bone marrow Transplant for a Member with aplastic anemia, leukemia, severe combined immunodeficiency disease (SCID), or Wiskott-Aldrich syndrome, and other conditions determined by BCBSNM to be Medically Necessary and not Experimental, Investigational, or Unproven
- cornea Transplant
- kidney Transplant

Cost-Sharing Provisions

Covered Services related to the above Transplants are subject to the usual cost-sharing features and benefit limits of this Plan (e.g., Deductible, Coinsurance and Out-of-Pocket Limits; and annual home health care maximums, if applicable).

Heart, Heart-Lung, Liver, Lung, Pancreas-Kidney

This Plan covers Transplant-Related Services for a **heart, heart-lung, liver, lung or pancreas-kidney** Transplant. Prior Authorization for services is required in order to be covered. All other limitations, requirements, and exclusions of this “Transplant Services” provision apply to these Transplant-Related Services. See *Section 4: Utilization Management* for more information about Prior Authorization requirements.

In addition to the general provisions of this “Transplant Services” section, the following benefits, limitations, and exclusions apply to the above-listed Transplants for **one year** following the date of the actual Transplant or retransplant. After one year, usual benefits apply and the services must be covered under other provisions of the Plan in order to be considered for benefit payment.

Recipient Travel and Per Diem Expenses

If BCBSNM requires you (i.e., the Transplant recipient) to temporarily relocate outside of your city of residence to receive a covered Transplant, travel to the city where the Transplant will be performed is covered. A standard per diem benefit (**\$50**) will be allocated for lodging expenses for the recipient and one additional adult traveling with the Transplant recipient. If the Transplant recipient is an Eligible Child under the age of 18, benefits for travel and per diem expenses for **two adults** to accompany the child are available.

Travel expenses and standard per diem allowances are limited to a total maximum benefit of **\$10,000** per Transplant. Your case manager may approve travel and per diem lodging allowances based upon the total number of days of temporary relocation, up to the **\$10,000** benefit maximum.

Travel expenses are **not** covered and per diem allowances are **not** paid if you *choose* to travel to receive a Transplant for which travel is not considered Medically Necessary by the case manager or if the travel occurs **more than five days** before or **more than one year** following the Transplant or retransplant date.

- expenses charged only because benefits are available under this provision (such as transportation received from a Member of your family, or from any other person charging for transportation that does not ordinarily do so)

SECTION 6: GENERAL LIMITATIONS AND EXCLUSIONS

These general limitations and exclusions apply to **all** services listed in this Benefit Booklet and your *Drug Plan Rider*.

This Plan does not cover any service or supply not specifically listed as a Covered Service in this Benefit Booklet. If a service is not covered, then all services performed in conjunction with it are not covered.

This Plan will not cover any of the following services, supplies, situations, or related expenses:

— Before Effective Date of Coverage

This Plan does not cover any service received, item purchased, prescription filled, or health care expense incurred before your Effective Date of Coverage. If you are an inpatient when coverage either begins or ends, benefits for the Admission will be available only for those Covered Services received on and after your Effective Date of Coverage or those received before your termination date.

— Biofeedback

This Plan does not cover services related to biofeedback.

— Blood Services

This Plan does not cover directed donor or autologous blood storage fees when the blood is used during a non-scheduled surgical procedure. **This Plan does not cover** blood replaced through donor credit.

— Complications of non-Covered Services

This Plan does not cover any services, treatments, or procedures required as the result of complications of a non-Covered Service, treatment, or procedure (e.g., due to a cosmetic surgery, transplant, or experimental procedure).

— Convalescent Care or Rest Cures

This Plan does not cover convalescent care or rest cures.

— Cosmetic Services

Cosmetic surgery is beautification or aesthetic surgery to improve an individual's appearance by surgical alteration of a physical characteristic. **This Plan does not cover** Cosmetic Surgery, Services, or procedures for psychiatric or psychological reasons, or to change family characteristics or conditions caused by aging. **This Plan does not cover** services related to or required as a result of a Cosmetic service, procedure, surgery, or subsequent procedures to correct unsatisfactory Cosmetic results attained during an initial surgery.

Examples of Cosmetic procedures are: dermabrasion; revision of surgically induced scars; breast augmentation; rhinoplasty; surgical alteration of the eye; correction of prognathism or micrognathism; excision or reformation of sagging skin on any part of the body including, but not limited to, eyelids, face, neck, abdomen, arms, legs, or buttock; services performed in connection with the enlargement, reduction, implantation, or change in appearance of a portion of the body including, but not limited to, breast, face, lips, jaw, chin, nose, ears, or genitals; **or any procedures that BCBSNM determines are not required to materially improve the physiological function of an organ or body part unless Medically Necessary.**

Exception: Breast/nipple surgery performed as reconstructive procedures following a covered mastectomy may be covered. However, **Prior Authorization**, requested in writing, must be obtained from BCBSNM for such services. Also, Reconstructive Surgery, which may have a coincidental cosmetic effect, may be covered when required as the result of Accidental Injury, illness, or congenital defect.

— Custodial Care

This Plan does not cover Custodial Care. Custodial Care is any service primarily for personal comfort or convenience that provides general maintenance, preventive, and/or protective care without any clinical likelihood of improvement of your condition. Custodial Care includes those services which do not require the technical skills, professional training and clinical assessment ability of medical and/or nursing personnel in order to be

safely and effectively performed. These services can be safely provided by trained or capable non-professional personnel assisting with routine medical needs (e.g., simple care and dressings, administration of routine medications, etc.), and/or assisting with activities of daily living (e.g., bathing, eating, dressing, etc.).

— **Dental-Related Services and Oral Surgery**

In addition to services excluded by the other general limitations and exclusions listed throughout this section, see “Dental-Related Services and Oral Surgery” in *Section 5: Covered Services* for additional exclusions.

— **Domiciliary Care**

This Plan does not cover domiciliary care or care provided in a residential institution, treatment center, halfway house, or school because your own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.

— **Duplicate (Double) Coverage**

This Plan does not cover amounts already paid by Other Valid Coverage or that would have been paid by Medicare as the primary carrier if you were entitled to Medicare, had applied for Medicare, and had claimed Medicare benefits. See *Section 7: Coordination of Benefits and Reimbursement* for more information. Also, if your prior coverage has an extension of benefits provision, **this Plan will not cover** charges incurred after your Effective Date of Coverage under this Plan that are covered under the prior plan's extension of benefits provision.

— **Duplicate Testing**

This Plan does not cover duplicative diagnostic testing or overreads of laboratory, pathology, or radiology tests.

— **Experimental, Investigational, or Unproven Services**

This Plan does not cover any treatment, procedure, Facility, equipment, drug, device, or supply not accepted as *standard medical practice* (as defined) or those considered Experimental, Investigational, or Unproven, unless for Acupuncture rendered by a licensed Doctor of Oriental Medicine or unless specifically listed as covered under “Autism Spectrum Disorders” or under “Cancer Clinical Trials” in *Section 5: Covered Services*. In addition, if federal or other government agency approval is required for use of any items and such approval was not granted when services were administered, the service is Experimental and will not be covered. To be considered Experimental, Investigational, or Unproven, one or more of the following conditions must be met:

- The device, drug, or medicine cannot be marketed lawfully without approval of the U.S. Food and Drug Administration (FDA), and approval for marketing has not been given at the time the device, drug, or medicine is furnished.
- Reliable evidence shows that the treatment, device, drug, or medicine is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.
- Reliable evidence shows that the consensus of opinion among experts regarding the treatment, procedure, device, drug, or medicine is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its efficacy, its safety, or its efficacy as compared with the standard means of treatment or diagnosis.

The guidelines and practices of Medicare, the FDA, or other government programs or agencies may be considered in a determination; however, approval by other bodies will neither constitute nor necessitate approval by BCBSNM.

Reliable evidence means only published reports and articles in authoritative peer-reviewed medical and scientific literature; the written protocol or protocols used by the treating Facility, or the protocol(s) of another Facility studying substantially the same medical treatment, procedure, device, or drug; or the written informed consent used by the treating Facility or by another Facility studying substantially the same medical treatment, procedure, device, or drug. *Experimental or Investigational* does not mean cancer Chemotherapy or other types of therapies that are the subjects of ongoing phase IV clinical trials.

The service must be Medically Necessary and not excluded by any other contract exclusion.

Standard medical practice means the services or supplies that are in general use in the medical community in the United States, and:

- have been demonstrated in standard medical textbooks published in the United States and/or peer-reviewed literature to have scientifically established medical value for curing or alleviating the condition being treated;
- are appropriate for the Hospital or other Facility Provider in which they were performed; and
- the Physician or other Professional Provider has had the appropriate training and experience to provide the treatment or procedure.

(A screening does *not* include a hearing test to determine the amount and kind of correction needed.) **This Plan does not cover** hearing aids or ear molds, fitting of hearing aids or ear molds, or any related service or supply for **Members age 21 and older**. For **Members up to age 21**, see “Hearing Aids/Related Services for Children Up To Age 21” in *Section 5*. (For surgically implanted devices, see “Surgery and Related Services” in *Section 5: Covered Services*.)

— Home Health, Home I.V. and Hospice Services

In addition to services excluded by the other general limitations and exclusions listed throughout this section, see “Home Health Care/Home I.V. Services” or “Hospice Care” in *Section 5: Covered Services* for additional exclusions.

— Hypnotherapy

This Plan does not cover hypnosis or services related to hypnosis, whether for medical or anesthetic purposes.

— Infertility Services/Artificial Conception

If a Claim is returned for further information, resubmit it **within 45 days**. **Note:** If there is a change in the Claims Administrator, the length of the timely filing period may also change. See *Section 8: Claims Payments and Appeals* for details.

— Limited Services/Covered Charges

This Plan does not cover amounts in excess of Covered Charges or services that exceed any maximum benefit limits listed in this Benefit Booklet, or any amendments, riders, addenda, or endorsements.

— Long-Term and Maintenance Therapy

This Plan does not cover long-term therapy whether for physical or for mental conditions, even if Medically Necessary and even if any applicable benefit maximum has not yet been reached, except that medication management for chronic conditions is covered. Therapies are considered long-term if measurable improvement is not possible **within two months** of beginning active therapy. Long-term therapy includes treatment for chronic or incurable conditions for which rehabilitation produces minimal or temporary change or relief. Treatment of chronic conditions is not covered. (Chronic conditions include, but are not limited to, muscular dystrophy, Down's syndrome, and cerebral palsy.) **Note:** This exclusion does **not** apply to benefits for medication or medication management or to certain services for children with Autism Spectrum Disorders.

This Plan does not cover maintenance therapy or care or any treatment that does not significantly improve your function or productivity, or care provided after you have reached your rehabilitative potential (unless therapy is covered during an approved Hospice Benefit Period). In a dispute about whether your rehabilitative potential has been reached, you are responsible for furnishing documentation (e.g., medical records, Physician's letters, progress notes) from your Physician supporting his/her opinion.

This Plan does not cover services that are not Medically Necessary as defined in *Section 5: Covered Services* unless such services are specifically listed as covered (e.g., see “Preventive Services” or “Autism Spectrum Disorders” in *Section 5: Covered Services*).

BCBSNM, in consultation with the Provider, determines whether a service or supply is Medically Necessary and whether it is covered. Because a Provider prescribes, orders, recommends, or approves a service or supply does *not* make it Medically Necessary or make it a Covered Service, even if it is not specifically listed as an exclusion. (BCBSNM, at its sole discretion, determines Medical Necessity based on the criteria given in *Section 5: Covered Services*.)

This Plan does not cover services for which you have no legal obligation to pay or that are free, including:

- employer's liability
- municipal, state, or federal law (except Medicaid)

To recover benefits for a work-related illness or injury, you must pursue your rights under the Workers' Compensation Act or any of the above provisions that apply, including filing an appeal. (BCBSNM may pay Claims during the appeal process on the condition that you sign a reimbursement agreement.)

This Plan does not cover a work-related illness or injury, **even if:**

- You fail to file a Claim within the filing period allowed by the applicable laws and rules, including but not limited to statutes, ordinances, judicial decisions and regulations.
- You obtain care not authorized by Workers' Compensation insurance.
- Your employer fails to carry the required Workers' Compensation insurance. (The employer may be liable for an employee's work-related illness or injury expenses.)
- You fail to comply with any other provisions of the law.

Note: This “Work-Related Conditions” exclusion does not apply to an executive employee or sole proprietor of a professional or business corporation who has affirmatively elected not to accept the provisions of the New Mexico Workers' Compensation Act. You must provide documentation showing that you have waived Workers' Compensation and are eligible for the waiver. (The Workers' Compensation Act may also not apply if an employer has a very small number of employees or employs certain types of laborers excluded from the Act.)

SECTION 7: COORDINATION OF BENEFITS (COB) AND REIMBURSEMENT

For a work-related injury or condition, see the “Work-Related Conditions” exclusion in Section 6: General Limitations and Exclusions.

This Plan contains a coordination of benefits (COB) provision that prevents duplication of payments. When you are enrolled in any Other Valid Coverage, the combined benefit payments from all coverages cannot exceed 100 percent of BCBSNM's Covered Charges. (Other Valid Coverage is defined as all other Group and individual (or direct-pay) insurance policies or health care plans including Medicare, but excluding Indian Health Service and Medicaid coverages, that provide payments for medical services and are considered Other Valid Coverage for purposes of coordinating benefits under this Plan.)

If you are also covered by Medicare, special COB rules may apply. Contact a Customer Service Advocate for more information. If you are enrolled in federal continuation coverage, coverage ends at the beginning of the month when you become entitled to Medicare or when you become insured under any Other Valid Coverage.

When this Plan is secondary, all provisions (such as obtaining Prior Authorization) must be followed or benefits may be denied.

The following rules determine which coverage pays first:

No COB Provision — If the Other Valid Coverage does not include a COB provision, that coverage pays first.

Medicare — If the Other Valid Coverage is Medicare and Medicare is not secondary according to federal law, Medicare pays first.

Child/Spouse — If a covered child under this health plan is covered as a spouse under another health plan, the covered child's spouse's health plan is primary over this health plan.

Subscriber/Family Member — If the Member who received care is covered as an employee, retiree, or other policy holder (i.e., as the Subscriber) under one health plan and as a spouse, child, or other family member under another, the health plan that designates the Member as the employee, retiree, or other policy holder (i.e., as the Subscriber) pays first.

If you have Other Valid Coverage *and* Medicare, contact the other carrier's customer service department to find out if the other coverage is primary to Medicare. There are many federal regulations regarding Medicare Secondary Payer provisions, and other coverage may not be subject to those provisions.

Child — For a child whose parents are not separated or divorced, the coverage of the parent whose birthday falls earlier in the Calendar Year pays first. If the Other Valid Coverage does not follow this rule, the father's coverage pays first.

Child, Parents Separated or Divorced — For a child of divorced or separated parents, benefits are coordinated in the following order:

- *Court-Decreed Obligations.* Regardless of which parent has custody, if a court decree specifies which parent is financially responsible for the child's health care expenses, the coverage of that parent pays first.
- *Custodial/Noncustodial.* The plan of the custodial parent pays first. The plan of the spouse of the custodial parent pays second. The plan of the noncustodial parent pays last.
- *Joint Custody.* If the parents share joint custody, and the court decree does not state which parent is responsible for the health care expenses of the child, the plans follow the rules that apply to children whose parents are not separated or divorced.

Active/Inactive Employee — If a Member is covered as an active employee under one coverage and as an inactive employee under another, the coverage through active employment pays first. (Even if a Member is covered as a family member under both coverages, the coverage through active employment pays first.) If the other plan does not have this rule and the plans do not agree on the order of benefits, the next rule applies.

Longer/Shorter Length of Coverage — When none of the above applies, the plan in effect for the longest continuous period of time pays first. (The start of a new plan does not include a change in the amount or scope of benefits, a change in the entity that pays, provides, or administers the benefits, or a change from one type of plan to another.)

Responsibility For Timely Notice

BCBSNM is not responsible for coordination of benefits if timely information is not provided.

Facility of Payment

Whenever any other plan makes benefit payments that should have been made under this Plan, BCBSNM has the right to pay the other plan any amount BCBSNM determines will satisfy the intent of this provision. Any amount so paid will be considered to be benefits paid under this Plan, and with that payment BCBSNM will fully satisfy its liability under this provision.

Overpayments - Right of Recovery

Regardless of who was paid, whenever benefit payments made by BCBSNM exceed the amount necessary to satisfy the intent of this provision, BCBSNM has the right to recover the excess amount from any persons to or for whom those payments were made, or from any insurance company, service plan, or any other organizations or persons.

REIMBURSEMENT

If you or one of your covered family members incur expenses for sickness or injury that occurred due to the negligence of a third party and benefits are provided for Covered Services described in this Benefit Booklet, you agree:

- **The Group** has the right to reimbursement for all benefits provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by you and your legal representative as a result of that sickness or injury, in the amount of the total Covered Charges for Covered Services for which **The Group** has provided benefits to you or your covered family members.
- **The Group** is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits **The Group** provided for that sickness or injury.

The Group shall have the right to first reimbursement out of all funds you, your covered family members, or your legal representative, are or were able to obtain for the same expenses for which **The Group** has provided benefits as a result of that sickness or injury.

You are required to furnish any information or assistance or provide any documents that BCBSNM and/or **The Group** may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

SECTION 8: CLAIMS PAYMENTS AND APPEALS

FILING CLAIMS

IMPORTANT NOTE ABOUT FILING CLAIMS

This section addresses the procedures for filing Claims Payments and Appeals. The instructions in no way imply that filing a Claim or an appeal will result in benefit payment and do not exempt you from adhering to all of the provisions described in this Benefit Booklet. All Claims submitted will be processed by BCBSNM according to the patient's eligibility and benefits in effect at the time services are received. Whether inside or outside New Mexico and/or the United States, you must meet all Prior Authorization requirements or benefits may be denied as explained in *Section 4: Utilization Management*. Covered Services are the same services listed as covered in *Section 5: Covered Services* and all services are subject to the limitations and exclusions listed throughout this booklet.

CLAIM FORMS AND PROOF OF LOSS

Written proof of loss must be furnished to BCBSNM in accordance with the Claim procedures specified in this *Section 8: Claims Payments and Appeals*. Proof may be submitted either electronically or on paper. Written notice of Claim must be given to BCBSNM within 365 days after the occurrence or start of the loss on which the Claim is based. If notice is not given in that time, the Claim will not be invalidated or denied if it is shown that written notice was given as soon as was reasonably possible. When BCBSNM receives a request for a Claim form or the notice of a Claim, BCBSNM will give the Member the Claim forms that we use for filing proof of loss. If the claimant does not receive these forms within 15 days after BCBSNM receives notice of Claim or the request for a Claim form, the claimant will be considered to meet the proof of loss requirements of this Plan if the claimant submits written proof of loss within 365 days after the date of the first service, except in the absence of legal capacity.

IF YOU HAVE OTHER VALID COVERAGE

When you have Other Valid Coverage that is “primary” over this Plan, you need to file your Claim with the other coverage first. (See *Section 7: Coordination of Benefits (COB) and Reimbursement*.) After your other coverage (including health care insurance, dental or vision plan, Medicare, automobile, or other liability insurance, Workers' Compensation, etc.) pays its benefits, a copy of their payment explanation form must be attached to the Claim sent to BCBSNM or to the local BCBS Plan, as instructed under “Where to Send Claim Forms” later in this section.

If the Other Valid Coverage pays benefits to you (or your family member) directly, give your Provider a copy of the payment explanation so that he/she can include it with the Claim sent to BCBSNM or to the local BCBS Plan. (If a Nonparticipating Provider does not file Claims for you, attach a copy of the payment explanation to the Claim that you send to BCBSNM or to the local BCBS Plan, as applicable.)

PARTICIPATING AND PREFERRED PROVIDERS

Your “Preferred” Provider may have two agreements with the local BCBS Plan — a Preferred Provider contract and another Participating Provider contract. Some Providers have **only** the Participating Provider contract and are **not** considered Preferred Providers. However, all Participating and Preferred Providers file Claims with their local BCBS Plan and payment is made directly to them. Be sure that these Providers know you have health care coverage administered by BCBSNM. Do **not** file Claims for these services yourself.

Preferred Providers (and Participating Providers contracting directly with BCBSNM) also have specific timely filing limits in their contracts with BCBSNM (usually 180 days). The Providers' contract language lets them know that they may not bill the employer or any Member for a service if the Provider does not meet the filing limit for that service and the Claim for that service is denied due to timely filing limitations.

NONPARTICIPATING PROVIDERS

A Nonparticipating Provider is one that has neither a Preferred or a Participating Provider agreement. If your Nonparticipating Provider does not file a Claim for you, submit a separate Claim form for each family member as the

services are received. Attach itemized bills and, if applicable, your Other Valid Coverage's payment explanation, to a *Member Claim Form*. (Forms can be printed from the BCBSNM website at www.bcbsnm.com or requested from a Customer Service Advocate.) Complete the Claim form using the instructions on the form. (See special Claim filing instructions for out-of-country Claims under "Where to Send Claim Forms" later in this section.)

Payment normally is made to the Provider. However, if you have already paid the Provider for the services being claimed, your Claim must include evidence that the charges were paid in full. Upon approval of the Claim, BCBSNM will reimburse you for Covered Services, based on Covered Charges, less any required Member Copayment. You will be responsible for charges not covered by the Plan.

ITEMIZED BILLS

Claims for Covered Service must be itemized on the Provider's billing forms or letterhead stationery and must show:

- Members identification number
- Members and Subscriber's name and address
- Members date of birth and relationship to the Subscriber
- name, address, National Provider Identification number (NPI), and tax ID or social security number of the Provider
- date of service or purchase, diagnosis, type of service or treatment, procedure, and amount charged for each service (each service must be listed separately)
- accident or surgery date (when applicable)
- amount paid by you (if any) along with a receipt, cancelled check, or other proof of payment

Correctly itemized bills are necessary for your Claim to be processed. The only acceptable bills are those from Health Care Providers. Do **not** file bills you prepared yourself, canceled checks, balance due statements, or cash register receipts. Make a copy of all itemized bills for your records before you send them. The bills are not returned to you. All information on the Claim and itemized bills must be readable. If information is missing or is not readable, BCBSNM will return it to you or to the Provider.

Do not file for the same service twice unless asked to do so by a Customer Service Advocate. If your itemized bills include services previously filed, identify clearly the new charges that you are submitting. (See "Where to Send Claim Forms" below, for special instructions regarding out-of-country Claims.)

WHERE TO SEND CLAIM FORMS

If your Nonparticipating Provider does not file a Claim for you, you (not the Provider) are responsible for filing the Claim. **Remember:** Participating and Preferred Providers will file Claims for you; these procedures are used only when you must file your own Claim.

Services in United States, Canada, Jamaica, U.S. Virgin Islands, and Puerto Rico

If a Nonparticipating Provider will not file a Claim for you, ask for an itemized bill and complete a Claim form the same way that you would for services received from any other Nonparticipating Provider. Mail the Claim forms and itemized bills to BCBSNM at the address below (or, if you prefer, you may send to the local Blue Cross Blue Shield Plan in the state where the services were received):

**Blue Cross and Blue Shield of New Mexico
P.O. Box 27630
Albuquerque, New Mexico 87125-7630**

Mental Disorder/Chemical Dependency Claims

Claims for covered Mental Disorder and Chemical Dependency services received in New Mexico should be submitted to:

**BCBSNM, BH Unit
P.O. Box 27630
Albuquerque, New Mexico 87125-7630**

Drug Plan Claims

If you purchase a Prescription Drug or other item covered under the drug plan from a Nonparticipating Pharmacy or Other Provider in an Emergency, or if you do not have your ID Card with you when purchasing a prescription or other covered item, you must pay for the prescription in full and then submit a Claim to BCBSNM's pharmacy benefit manager. **Do not send these Claims to BCBSNM.** The bills or receipts must be issued by the pharmacy and must include the pharmacy name and address, drug name, prescription number, and amount charged. If not included in your enrollment materials, you can obtain the name and address of the pharmacy benefit manager and the necessary Claim forms from a Customer Service Advocate or on the BCBSNM website at www.bcbsnm.com.

Services Outside the United States, U.S. Virgin Islands, Jamaica, and Puerto Rico

For covered inpatient Hospital services received outside the United States (including Puerto Rico, Jamaica, and the U.S. Virgin Islands), show your Plan ID Card issued by BCBSNM. BCBSNM participates in a Claim payment program with the Blue Cross and Blue Shield Association. If the Hospital has an agreement with the Association, the Hospital files the Claim for you to the appropriate Blue Cross Plan. Payment is made to the Hospital by that Plan, and then BCBSNM reimburses the other Plan.

You will need to pay up front for care received from a **Doctor, a Participating Outpatient Hospital, and/or a Nonparticipating Hospital.** Then, complete an *International Claim Form* and send it with the bill(s) to the service center (the address is on the form). The *International Claim Form* is available from BCBSNM, the service center, or on-line at:

www.bcbs.com/already-a-member/coverage-home-and-away.html

The Blue Cross Blue Shield Global Core *International Claim Form* is to be used to submit institutional and professional Claims for benefits for covered Emergency services received outside the United States, Puerto Rico, Jamaica and the U.S. Virgin Islands. For filing instructions for other Claim types (e.g., dental, Prescription Drugs, etc.) contact your Blue Cross and Blue Shield Plan. The *International Claim Form* must be completed for each patient in full, and accompanied by fully itemized bills. It is not necessary for you to provide an English translation or convert currency.

Since the Claim cannot be returned, please be sure to keep photocopies of all bills and supporting documentation for your personal records. The Member should submit an *International Claim Form* (available at www.bcbs.com), attach itemized bills, and mail to Blue Cross Blue Shield Global Core at the address below. Blue Cross Blue Shield Global Core will then translate the information, if necessary, and convert the charges to United States dollars. They also will contact BCBSNM for benefit information in order to process the Claim. Once the Claim is finalized, the *Explanation of Benefits* will be mailed to the Subscriber and payment, if applicable, will be made to the Subscriber via wire transfer or check. Mail international Claims to:

**Service Center
P.O. Box 2048
Southeastern, PA 19399**

CLAIMS PAYMENT PROVISIONS

Most Claims will be evaluated and you and/or the Provider notified of the BCBSNM benefit decision within 30 days of receiving the Claim. If all information needed to process the Claim has been submitted, but BCBSNM cannot make a determination within 30 days, you will be notified (before the expiration of the 30-day period) that an additional 15 days is needed for Claim determination.

After a Claim has been processed, the Subscriber will receive an *Explanation of Benefits* (EOB). The EOB indicates what charges were covered and what charges, if any, were not. **Note:** If a Qualified Child Medical Support Order (QCMSO) is in effect, the QCMSO provisions will be followed. For example, when the Member is an Eligible Child of divorced parents, and the Subscriber under this Plan is the noncustodial parent, the custodial parent may receive the payment and the EOB.

If A Claim or Prior Authorization Is Denied

If benefits are denied or only partially paid, BCBSNM will notify you of the determination. The notice to you will include: 1) the reasons for denial; 2) a reference to the health care plan provisions on which the denial is based; and 3) an explanation of how you may appeal the decision if you do not agree with the denial. **You also have 180 days in which to appeal a decision.**

Covered Charge

Provider payments are based upon Preferred Provider and Participating Provider agreements and Covered Charges as determined by BCBSNM. For services received outside of New Mexico, Covered Charges may be based on the local Plan practice (e.g., for out-of-state Providers that contract with their local Blue Cross and Blue Shield Plan, the Covered Charge may be based upon the amount negotiated by the other Plan with its own Contracted Providers). You are responsible for paying Copayments, Deductibles, Coinsurance, and non-Covered expenses. For Covered Services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine billed charges.

Participating and Preferred Providers

Payments for Covered Services usually are sent directly to network (Preferred or Participating) Providers. The EOB you receive explains the payment.

Nonparticipating Providers

If Covered Services are received from a Nonparticipating Provider, payments are usually made to the Subscriber (or to the applicable alternate payee when a QCMSO is in effect). The check will be attached to an EOB that explains BCBSNM's payment. In these cases, you are responsible for arranging payment to the Provider and for paying any amounts greater than Covered Charges plus Copayments, Deductibles, Coinsurance, and non-Covered expenses.

Accident-Related Hospital Services

If services are administered as a result of an accident, a Hospital or treatment Facility may place a lien upon a compromise, settlement, or judgment obtained by you when the Facility has not been paid its total billed charges from all other sources.

Assignment of Benefits

BCBSNM specifically reserves the right to pay the Subscriber directly and to refuse to honor an assignment of benefits in any circumstances. No person may execute any power of attorney to interfere with BCBSNM's right to pay the Subscriber instead of anyone else.

Medicaid

Payment of benefits for Members eligible for Medicaid is made to the appropriate state agency or to the Provider when required by law.

Medicare

If you are 65 years of age or older, BCBSNM will suspend your Claims until it receives (a) an *Explanation of Medicare Benefits (EOMB)* for each Claim (if you are entitled to Medicare), or (b) Social Security Administration documentation showing that you are not entitled to Medicare.

Overpayments

If your Group's benefit plan or the Claim Administrator pays benefits for Covered Charges incurred by you or your Eligible Family Members and it is found that the payment was more than it should have been, or it was made in error ("Overpayment"), your Group's benefit plan or the Claim Administrator has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to Participating Providers or Nonparticipating Providers.

If no refund is received, your Group's benefit plan and/or Blue Cross and Blue Shield of New Mexico (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

- a. Any future benefit payment made to any person or entity under this Benefit Booklet, whether for the same or a different Member; or
- b. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program and/or Blue Cross and Blue Shield administered insured benefit program or policy, if the future benefit payment owed is to a Contracted Provider; or
- c. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured Group benefit plan or individual policy, if the future benefit payment owed is to a Contracted Provider; or
- d. Any future benefit payment, or other payment, made to any person or entity; or
- e. Any future payment owed to one or more Contracted Providers.

Further, the Claim Administrator has the right to reduce your benefit plan's payment to a Contracted Provider by the amount necessary to recover another Blue Cross and Blue Shield's plan or policy Overpayment to the same Contracted Provider and to remit the recovered amount to the other Blue Cross and Blue Shield plan or policy.

Pricing of Non-Contracted Provider Claims

The BCBSNM Covered Charge for some Covered Services received from Non-Contracted Providers is the lesser of the Provider's billed charges or the BCBSNM "Non-Contracting Allowable Amount." The BCBSNM Non-Contracting Allowable Amount is based on the **Medicare Allowable** amount for a particular service, which is determined by the Centers for Medicaid and Medicare Services (CMS). The Medicare Allowable is determined for a service covered under your BCBSNM health plan using information on each specific Claim and, based on place of treatment and date of service, is multiplied by an "Adjustment Factor" to calculate the BCBSNM Non-Contracting Allowable Amount. The Adjustment Factor for non-Emergency services are:

- 100% of the base Medicare Allowable for inpatient Facility Claims
- 300% of the base Medicare Allowable for outpatient Facility Claims
- 200% of the base Medicare Allowable for freestanding Ambulatory Surgical Center Claims
- 100% of the base Medicare Allowable for Physician, other Professional Provider Claims, and other ancillary Providers of covered Health Care Services and supplies

Certain categories of Claims for Covered Services from Non-Contracted Providers are excluded from this Non-Contracted Provider pricing method. These include:

- services for which a Medicare Allowable cannot be determined based on the information submitted on the Claim (in such cases, the Covered Charge is 50 percent of the billed charge)
- home health Claims (the Covered Charge is 50 percent of the billed charge)
- services administered and priced by any subcontractor of BCBSNM or by the Blue Cross and Blue Shield Association
- Claims paid by Medicare as primary coverage and submitted to your health plan for secondary payment

- New Mexico ground Ambulance Claims (for which the state's New Mexico Public Regulation Commission sets fares)
- covered Claims priced by a non-New Mexico BCBS Plan through BlueCard using local pricing methods

Pricing for the following categories of Claims for Covered Services from Non-Contracted Providers will be priced at billed charges or at an amount negotiated by BCBSNM with the Provider, whichever is less:

- Covered Services required during an Emergency and received in a Hospital, trauma center, or Ambulance
- for PPO health plans, services from Non-Contracted Providers that satisfy at least one of the three conditions below and, as a result, are eligible for the Preferred Provider benefit level of coverage
 - Covered Services from Non-Contracted Providers within the United States that are classified as “Unsolicited” as explained earlier in *Section 3: How Your Plan Works* and as determined by the Members Host Plan while outside the service area of BCBSNM
 - **Prior Authorization** of transition of care services received from Non-Contracted Providers
 - Covered Services received from a Non-Contracted anesthesiologist, pathologist, or radiologist while you are a patient at a **Contracted** Facility receiving Covered Services or procedures that have been approved, if needed

BCBSNM will use essentially the same Claims processing rules and/or edits for Non-Contracted Provider Claims that are used for Contracted Provider Claims, which may change the Covered Charge for a particular service. If BCBSNM does not have any Claim edits or rules for a particular Covered Service, BCBSNM may use the rules or edits used by Medicare in processing the Claims. Changes made by CMS to the way services or Claims are priced for Medicare will be applied by BCBSNM within 90-145 days of the date that such change is implemented by CMS or its successor.

IMPORTANT: Regardless of the pricing method used, the BCBSNM Covered Charge will usually be less than the Provider's billed charge and you will be responsible for paying to the Provider the difference between the BCBSNM Covered Charge and the Non-Contracted Provider's billed charge for a Covered Service. This difference may be considerable. The difference is not applied to any Deductible or Out-of-Pocket Limit. In the case of a non-Covered Service, you are responsible for paying the Provider's full billed charge directly to the Provider. Reminder: Contracted Providers will not charge you the difference between the BCBSNM Covered Charge and the billed charge for a Covered Service.

INTER-PLAN ARRANGEMENTS

Blue Cross and Blue Shield of New Mexico (BCBSNM) has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross and Blue Shield Association (“Association”). Whenever you obtain Health Care Services outside of the BCBSNM Service Area, the Claims for these services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

Inter-Plan Arrangements link the BCBSNM Provider network with other individual Blue Cross Blue Shield networks across the country to provide you broad access to Contracted Providers. When you receive care outside of the BCBSNM Service Area, you will receive it from one of two types of Providers. Most Providers have a contractual agreement (i.e., are “Contracted Providers”) with the local Blue Cross and/or Blue Shield Licensee in that geographic area (“Host Blue”). Some Providers (“Non-Contracted Providers”) don't contract with the Host Blue. BCBSNM explains below how BCBSNM pays both kinds of Providers.

You always have the choice to receive services from Contracted or Non-Contracted Providers in New Mexico or outside New Mexico, but the difference in the amount you pay may be substantial. When services are received by you outside the State of New Mexico from either Contracted or Non-Contracted Providers, the Host Blue will provide BCBSNM with a Covered Charge based on what it uses for its own local Members for services received from either Contracted or Non-Contracted Providers in the state where the Host Blue is located.

For purposes of the Inter-Plan Arrangements described in this section, "Covered Charge" means the amount that BCBSNM determines is fair and reasonable for a particular covered and Medically Necessary service, as provided to BCBSNM by a Host Blue. After the Members share of the Covered Charge is calculated, BCBSNM will pay the remaining amount of the Covered Charge up to the maximum benefit limitation, if any.

BLUECARD[®] PROGRAM

Services Received from Contracted Providers Outside of New Mexico

Under the BlueCard Program, when you receive Covered Services within the geographic area served by a Host Blue, BCBSNM will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Contracted Providers.

For inpatient Facility services received in a Hospital, the Host Blue's Participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the Participating Provider will be sanctioned based on the Host Blue's contractual agreement with the Provider, and the Member will be held harmless for the Provider sanction.

Whenever you access Covered Services outside the BCBSNM service area and the Claim is processed through the BlueCard Program, the amount you pay for Covered Services is based on the lower of:

- The billed charges for your Covered Services; or
- The negotiated price or "allowable amount" that the Host Blue makes available to BCBSNM.

If the services are provided by a Contracted Provider of the Host Blue, the Provider will submit your Claims directly to the Host Blue to determine the allowable amount. BCBSNM will use the allowable amount to determine the Covered Charge so that your Claim can be processed timely. The Covered Charge will be an amount up to but not in excess of the allowable amount the Host Blue has passed on to BCBSNM. Because the services were provided by a Contracted Provider, you will receive the benefit of the payment/rate negotiated by the Host Blue with the Provider. As always, you will be responsible for any applicable Deductible, Copay and/or Coinsurance amounts ("Member Share"). The amount that BCBSNM pays together with your Member Share is the total amount the Contracted Provider has contractually agreed to accept as payment in full for the services you have received.

Often, this "allowable amount" will be a simple discount that reflects an actual price that the Host Blue pays to your Health Care Provider. Sometimes, it is an estimated price that takes into account special arrangements with your Health Care Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of Health Care Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over or underestimation of past pricing of Claims as noted above. However, such adjustments will not affect the price we use for your Claim because they will not be applied after a Claim has already been paid.

In some cases, BCBSNM may, but is not required to, in its sole discretion, negotiate a payment with a Non-Contracting Health Care Provider on an exception basis.

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to your liability calculation.

Services Received from a Non-Contracted Provider Outside of New Mexico

If services are provided by a Non-Contracted Provider, the Provider may, but is not required to, submit Claims on your behalf. A Non-Contracted Provider has not negotiated its payments/rates with either the Host Blue or BCBSNM. If the Non-Contracted Provider does not submit Claims on your behalf, you will be required to submit the Claims directly to the Host Blue. You will be subject to balance billing when you receive services from a Non-Contracted Provider. This amount may be significant. "Balance Billing" means that the Non-Contracted Provider may require you to pay any amount that the Provider bills that exceeds the sum of what BCBSNM pays toward the Covered Charge and your Member Share of the Covered Charge.

Member Liability Calculation

- **In General**

Under Inter-Plan Arrangements, when services are received outside the State of New Mexico from a Non-Contracted Provider, the Covered Charge will be determined by the Host Blue servicing area or by applicable laws and rules, including but not limited to statutes, ordinances, judicial decisions and regulations will be passed on to BCBSNM. BCBSNM will use the Host Blue's Covered Charge as its Covered Charge so that your Claim can be processed timely. BCBSNM's Covered Charge will be an amount up to but not in excess of the Covered Charge the Host Blue has passed on to BCBSNM. In addition to being responsible to pay your Member Share, you may be subject to Balance Billing by the Non-Contracted Provider who provided services to you. Before you receive services from a Non-Contracted Provider, you should ask for a written breakdown of all amounts that you will have to pay, including Member Share and Balance Billing amounts for the services you receive. Federal or state law, as applicable, will govern payments for Out-of-Network Emergency services.

- **Exceptions**

In certain situations, BCBSNM may use other payment bases, to determine the amount BCBSNM will pay for services rendered by Non-Contracted Health Care Providers, such as (i) billed charges for Covered Services, (ii) the payment we would make if the Health Care Services had been obtained within our Service Area, (iii) a special negotiated payment, as permitted under the Inter-Plan Arrangements or (iv) for Professional Providers, make a payment based on publicly available data and historic reimbursement to Providers for the same or similar professional services, adjusted for geographical differences where applicable; or (v) for Hospital or Facility Providers, make a payment based on publicly available data reflecting the costs that Hospitals or facilities have incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or Facility. In these situations, the Member may be responsible for the difference between the amount that the Non-Contracted Provider bills and the payment BCBSNM will make for the Covered Services as set forth in this paragraph.

INTER-PLAN ARRANGEMENTS: FEDERAL/STATE TAXES/SURCHARGES/FEEES

Federal or state laws or regulations may impose a surcharge, tax, or other fee. If applicable, BCBSNM will include any such surcharge, tax or other fee as part of the Claim charge passed on to you.

SPECIAL CASES: VALUE-BASED PROGRAMS

If you received Covered Services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the Provider incentives, risk-sharing, and/or care coordinator feed that are a part of such an arrangement, except when a Host Blue passes these fees to BCBSNM through average pricing or fee schedule adjustments. Additional information available upon request.

BLUE CROSS BLUE SHIELD GLOBAL CORE

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard Service Area"), you may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard Service Area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient, and Professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard Service Area, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a Doctor or Hospital) outside the BlueCard Service Area, you should call the service center at 1-800-810-BLUE (2583), or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

For services received in foreign countries, BCBSNM will use the exchange rate in effect on the date of service in order to determine the Covered Charge.

Emergency Care Services

This Plan covers only limited Health Care Services received outside of the United States. As used in this section, "Out-of-Area Covered Services" include Emergency services and Urgent Care obtained outside of the United States. Follow-up care following an Emergency is also available provided the services are approved through Prior Authorization by BCBSNM. Any other services will not be eligible for Benefits unless Prior Authorization is received from BCBSNM.

- **Inpatient Services**

In most cases, if you contact the service center for assistance, Hospitals will not require you to pay for covered Inpatient Services, except for your cost-share amounts (Deductibles, Coinsurance, etc.). In such cases, the Hospital will submit our Claims to the service center to begin Claims processing. However, if you paid in full at the time of service, you must submit a Claim to receive reimbursement for Covered Services. You must contact BCBSNM to obtain Prior Authorization for non-Emergency Inpatient Services.

- **Outpatient Services**

Outpatient services are available for Emergency Care treatment. Physicians, Urgent Care centers and other outpatient Providers located outside the BlueCard Service Area will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for Covered Services outside the BlueCard Service Area, you must submit a Claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International Claim form and send the Claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate Claim processing. Following the instructions on the Claim form will help ensure timely processing of your Claim. The Claim form is available from BCBSNM, the service center, or online at www.bcbsglobalcore.com. If you need assistance with your Claim submission, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, 7 days a week.

MEMBER DATA SHARE

You may, under certain circumstances as specified below, apply for and obtain, subject to any applicable terms and conditions, replacement coverage. The replacement coverage will be that which is offered by BCBSNM, a division of Health Care Service Corporation, or, if you do not reside in the BCBSNM service area, by the Host Blue whose service area covers the geographic area in which you reside. The circumstances mentioned above may arise in various ways, such as from involuntary termination of your health coverage sponsored by the Subscriber. As part of the overall plan of benefits that BCBSNM offers to you if you do not reside in the BCBSNM service area, BCBSNM may facilitate your right to apply for and obtain such replacement coverage, subject to applicable eligibility requirements, from the Host Blue in which you reside. To do this, BCBSNM may (1) communicate directly with you and/or (2) provide the Host Blues whose service area covers the geographic area in which you reside with your personal information and may also provide other general information relating to your coverage under the Plan the Subscriber has with BCBSNM to the extent reasonably necessary to enable the relevant Host Blues to offer you coverage continuity through replacement coverage.

COMPLAINTS AND APPEALS; SUMMARY OF PROCEDURES

If you want to make an oral complaint or file a written appeal about a Claims payment or denial, a Prior Authorization denial, the termination of your coverage (other than due to nonpayment of premium), or any other issue, a BCBSNM Customer Service Advocate is available to assist you. You will not be subject to retaliatory action by BCBSNM for making a complaint or filing an appeal.

IMPORTANT: Within 180 days after you receive notice of a BCBSNM decision on, for example, a Claim, a Prior Authorization request, the quality of care you receive, or the termination of your coverage, call or write BCBSNM Customer Service and explain your reasons for disagreeing with the decision. If you do not submit the request for internal review within the 180-day period, you waive your right to internal review as described in this section, unless you can satisfy BCBSNM that matters beyond your control prevented you from timely filing request.

Many complaints or problems can be handled informally by calling, writing, or e-mailing BCBSNM Customer Service. If you are not satisfied with the initial response, you can request internal review as described in the detailed *Appendix B: Notice - Inquiries/Complaints and Internal/External Appeals for Self-Funded Plans* notice applicable to your health plan you should have received in your enrollment packet (or included in the back of your booklet).

BCBSNM Contacts for Appeals

An appeal is an oral or written request for review of an "adverse benefit determination" or an adverse action by BCBSNM, its employees, or a Participating Provider. To file an appeal or for more information about appeals, contact:

SECTION 9: GENERAL PROVISIONS

AVAILABILITY OF PROVIDER SERVICES

BCBSNM does not guarantee that a certain type of room or service will be available at any Hospital or other Facility within the BCBSNM network, nor that the services of a particular Hospital, Physician, or Other Provider will be available.

CATASTROPHIC EVENTS

In case of fire, flood, war, civil disturbance, court order, strike, or other cause beyond BCBSNM's control, BCBSNM may be unable to process Claims or provide Prior Authorization for services on a timely basis. If due to circumstances not within the control of BCBSNM or a Network Provider (such as partial or complete destruction of facilities, war, riot, disability of a Network Provider, or similar case), BCBSNM and the Provider will have no liability or obligation if medical services are delayed or not provided. BCBSNM and its Network Providers will, however, make a good-faith effort to provide services.

CHANGES TO THE BENEFIT BOOKLET

No employee of BCBSNM may change this Benefit Booklet by giving incomplete or incorrect information, or by contradicting the terms of this Benefit Booklet. Any such situation will not prevent BCBSNM from administering this Benefit Booklet in strict accordance with its terms. See the inside back cover for further information.

DISCLAIMER OF LIABILITY

BCBSNM has no control over any diagnosis, treatment, care, or other service provided to you by any Facility or Professional Provider, whether Preferred or not. BCBSNM is not liable for any loss or injury caused by any Health Care Provider by reason of negligence or otherwise.

If Medicare is primary over this health plan, and has paid for a service, the Covered Charge under this health plan may be one of the two following amounts:

Your health plan may require you to use Network Providers in order to receive benefits. Your health plan may provide a higher level of benefit for in-network services. Therefore, your choice of Provider under a Managed Health Care Plan determines the amount and kind of **benefits** you receive under your health care plan. **Your BCBSNM health plan does not prevent you from choosing to receive services from a Provider outside the network.** The choice of Provider is still up to you - but the health plan is not obligated to provide benefits for every service you seek to receive. You may receive no benefits for services received outside the network. Check *Section 3: How Your Plan Works* and your *Summary of Benefits* to find out what your benefits are in-network and Out-of-Network.

APPENDIX A: CONTINUATION COVERAGE RIGHTS UNDER COBRA

This notice contains important information about your possible right to COBRA continuation coverage, which is a temporary extension of coverage under this Group Health Care Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), for certain larger Group employers. COBRA continuation coverage may be available to you and to other Members of your family who are covered under the health care plan when you would otherwise lose your Group health coverage. Contact your employer to determine if you or your Group are eligible for COBRA continuation coverage.

This notice generally explains:

- COBRA continuation coverage;
- when it may become available to you and your family if your Group is subject to the provisions of COBRA; and
- what you need to do to protect your right to receive it.

This notice gives only a summary of COBRA continuation coverage rights. For more information about the rights and obligations under the Plan and under federal law, contact the Plan administrator or see *Section 2: Enrollment and Termination Information* of this Benefit Booklet.

The Plan administrator of the Plan is named by the employer or by the Group health plan. Either the Plan administrator or a third party named by the Plan administrator is responsible for administering COBRA continuation coverage. Contact your Plan administrator for the name, address, and telephone number of the party responsible for administering your COBRA continuation coverage.

COBRA CONTINUATION COVERAGE

COBRA continuation coverage is a continuation of health care plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” A qualified beneficiary is someone who will lose coverage under the health care plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and Eligible Children of employees may be qualified beneficiaries. Under the Plan, generally most qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Contact the employer and/or COBRA administrator for specific information for your Plan.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

- your hours of employment are reduced; or
- your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

- your spouse dies;
- your spouse's hours of employment are reduced;
- your spouse's employment ends for any reason other than his or her gross misconduct;
- your spouse becomes enrolled in Medicare (Part A, Part B or both); or
- you become divorced or legally separated from your spouse.

Your Eligible Children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happens and if your Group is subject to the provisions of COBRA:

- the parent-employee dies;
- the parent-employee's hours of employment are reduced;
- the parent-employee's employment ends for any reason other than his or her gross misconduct;

- the parent-employee becomes enrolled in Medicare (Part A, Part B or both);
- the parents become divorced or legally separated; or
- the child stops being eligible for coverage under the Plan as an “Eligible Child”.

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer, and that bankruptcy results in the loss of coverage of any retiree covered under the Plan, the retiree is a qualified beneficiary with respect to the bankruptcy. The retiree's spouse, surviving spouse and Eligible Children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan administrator has been notified that a qualifying event has occurred.

The employer must notify the Plan administrator **within 30 days** when the qualifying event is:

- the end of employment;
- the reduction of hours of employment;
- the death of the employee;
- with respect to a retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer; or
- the enrollment of the employee in Medicare (Part A, Part B or both).

For the other qualifying events (divorce or legal separation of the employee and spouse or an Eligible Child losing eligibility for coverage as an Eligible Child), you must notify the Plan administrator. The Plan requires you to notify the Plan administrator **within 60 days** after the qualifying event occurs. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

Once the Plan administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that Plan coverage would otherwise have been lost.

COBRA continuation coverage is a temporary continuation of coverage. COBRA continuation coverage may last for up to 36 months when the qualifying event is:

- the death of the employee;
- the enrollment of the employee in Medicare (Part A, Part B or both);
- your divorce or legal separation; or
- an Eligible Child losing eligibility as an Eligible Child.

When the qualifying event is the end of employment or reduction in hours of employment, COBRA continuation coverage lasts for **up to 18 months**. There are two ways in which this 18-month period of COBRA continuation can be extended:

Disability Extension of 18-month Period of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during **the first 60 days** of COBRA continuation coverage and you notify the Plan administrator in a timely fashion, you and your entire family can receive **up to an additional 11 months** of COBRA continuation coverage, **for a total maximum of 29 months**. You must make sure that your Plan administrator is notified of the Social Security Administration's determination **within 60 days** of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

Second Qualifying Event Extension of 18-Month Period of Continuation Coverage

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and Eligible Children in your family can get additional months of COBRA continuation coverage, **up to a maximum**

of 36-months. This extension is available to the spouse and Eligible Children if the former employee dies, enrolls in Medicare (Part A, Part B or both), or gets divorced or legally separated. The extension is also available to an Eligible Child when that child stops being eligible under the Plan as an Eligible Child.

In all of these cases, you must make sure that the Plan administrator is notified of the second qualifying event **within 60 days** of the second qualifying event. Contact your employer and/or the COBRA administrator for procedures for this notice, including a description of any required information or documentation.

IF YOU HAVE QUESTIONS

If you have questions about COBRA continuation coverage, contact the Plan administrator or the nearest Regional or District Office of the U. S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's Web site at www.dol.gov/ebsa.

In order to protect your family's rights, you should keep the Plan administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to your Plan administrator.

PLAN CONTACT INFORMATION

Contact your employer for the name, address and telephone number of the party responsible for administering your COBRA continuation coverage.

APPENDIX B: NOTICE - INQUIRIES/COMPLAINTS AND INTERNAL/EXTERNAL APPEALS FOR SELF-FUNDED PLANS

This notice is made a part of your employer's self-funded health care plan Benefit Booklet, administered by Blue Cross and Blue Shield of New Mexico (BCBSNM). If you have a question about these procedures, please call a Customer Service Advocate at the phone number printed on the back of your Identification Card. NOTE: Whenever these procedures require that an action be taken by any party, including BCBSNM, within a certain period of time from receipt of a request or document, the request or document will be deemed to have been received within three working days of the date it was mailed.

Change in state or federal law or regulations, or interpretations thereof, may change the terms and conditions of coverage.

GENERAL INQUIRIES AND COMPLAINTS

Inquiry - A general request for information regarding Claims, benefits, or membership.

Complaint - An expression of dissatisfaction by you, either orally or in writing. Issues may include, but are not limited to, Claims payments or denials, quality of care, and locating a Network Provider.

The Claims Administrator, BCBSNM, has a team available to assist you with inquiries and complaints. To make an inquiry or complaint, contact a Customer Service Advocate at the phone number on the back of your ID Card or by mail at the address on the inside front cover of your Benefit Booklet (inquiries about behavioral health services are directed to the Behavioral Health Unit; appeals are directed to the general BCBSNM Appeals Unit as indicated later in this appendix notice).

INITIAL INTERNAL REVIEW OF CLAIMS/PRIOR AUTHORIZATION REQUESTS

When you or your treating Health Care Professional requests Prior Authorization or files a Claim for a Health Care Service, BCBSNM first determines whether the requested service is covered under your Plan. If the requested service is not covered, BCBSNM will not review for Medical Necessity, but will send you notice that there is no coverage for the requested service.

Only if the requested service is possibly covered, will BCBSNM review for Medical Necessity. If the requested service is approved as Medically Necessary, you will receive notice of that determination. An approval does not ensure that the service will be covered. For example, if you are not eligible for coverage at the time services are received, if the service you receive is different from the service authorized, or if your benefit plan changes or terminates before you receive the service in question, the service may still be denied.

Prior Authorization - A decision by BCBSNM that a Health Care Service has been reviewed and, based upon the information available, meets BCBSNM's requirements for coverage and Medical Necessity.

TIMING OF REQUIRED NOTICES AND EXTENSIONS

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are three types of Claims as defined below.

- ***Urgent Care Clinical Claim*** - Any pre-service Claim that requires Prior Authorization, as described in the Benefit Booklet, for a benefit determination for medical care or treatment for which the application of regular notification time periods could seriously jeopardize your life or health or your ability to regain maximum function or, in the opinion of the Physician with knowledge of your medical condition, would subject you to severe pain that cannot adequately be managed without the care or treatment
- ***Post-service Claim*** - A notification in a form acceptable to the Claim Administrator that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim charge, and any other information which the Claim Administrator may request in connection with services rendered to you.

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your Claim for benefits.

MANNER AND CONTENT OF CLAIM/PRIOR AUTHORIZATION DENIAL NOTICES

On occasion, the Claim Administrator may deny all or part of your Claim. There are a number of reasons why this may happen. We suggest that you first read the *Explanation of Benefits* summary prepared by the Claim Administrator; then review the Benefit Booklet to see whether you understand the reason for the determination. If you have additional information that you believe could change the decision, send it to the Claims Administrator and request a review of the decision as described in Internal Appeal Procedures below.

If your Prior Authorization request or Claim is denied in whole or in part, you will be notified in writing or by electronic means, within the time frames stated above, of the following:

- subject to privacy laws and other restrictions, if any, the identification of the Claim, the date of service, Health Care Provider, Claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- the specific reason(s) for determination;
- a reference to the specific health plan provision(s) on which the denial is based, or the contractual, administrative or protocol for the determination;
- the specific internal rule, guideline, protocol, or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol, or other similar criterion will be provided free of charge on request;
- an explanation of the scientific or clinical judgment relied on in the determination, if the denial was based on Medical Necessity, experimental treatment, or similar exclusion, or a statement that such explanation will be provided free of charge upon request;
- a description of additional information that may be needed to perfect the request or Claim and an explanation of why such material is needed;

- a description of BCBSNM's internal review/appeals and external review procedures and time limits (and how to initiate a review/appeal or external review) including a statement of your right, if any, to pursue any state and, if applicable, federal legal remedies, following a final denial on internal review/appeal;
- in certain situations, a statement in non-English language(s) that written notice of Claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- in certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
- the right to request, free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Claim for benefits;
- in the case of a denial of an Urgent Care Clinical Claim, a description of the expedited internal review procedure applicable to such Claims (an Urgent Care Claim decision may be provided orally, so long as written notice is furnished to you within three days of oral notification);
- contact information for applicable office of health insurance consumer assistance or ombudsman.

IMPORTANT: For *Adverse Benefit Determinations* that are related to any Claim or Prior Authorization denial, reduction, termination, or failure to provide or make payment that is based on a **determination of eligibility** to participate in the Plan, including contributions for coverage, you must contact your **Employee Benefits Department**.

INTERNAL APPEAL PROCEDURES

The following definitions apply to the Claims Administrator's internal appeal procedures (i.e., for issues not related to eligibility determinations):

Adverse Benefit Determination - A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any such denial, reduction, termination, or failure to provide or make payment for a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental or Investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claims Administrator or your employer and the Claims Administrator or your employer reduces or terminates such treatment (other than by amendment or termination of the employer's benefit plan) before the end of the approved treatment period; that is also an *Adverse Benefit Determination*. A rescission of coverage is also an *Adverse Benefit Determination*. A rescission of coverage does not include a termination of coverage for reasons related to nonpayment of premium.) In addition, an *Adverse Benefit Determination* also includes an Adverse Determination. For purposes of this Plan, BCBSNM will refer to both an "Adverse Determination" and an "Adverse Benefit Determination" as an "Adverse Benefit Determination," unless indicated otherwise.

Appeal - An oral or written request for review of an *Adverse Benefit Determination* or an adverse action by the Claims Administrator ("BCBSNM"), its employees, or a Participating Provider.

Final Internal Adverse Benefit Determination - An *Adverse Benefit Determination* that has been upheld at the completion of its internal appeal process or with respect to which the internal appeals process has been deemed exhausted.

Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An expedited clinical appeal is an appeal of a clinically urgent nature related to Health Care Services, including but not limited to, procedures or treatments ordered by a Health Care Provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment/continued hospitalization is terminated or reduced, the Claims Administrator will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claims Administrator will notify the party filing the appeal, as soon as possible, but no more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Additional information must be submitted within 24 hours of request. The Claims

Administrator shall render a determination on the appeal within 24 hours after it receives the requested information, but no later than 72 hours after the appeal has been received by the Claims Administrator.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a full and fair review of any determination of a Claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an *Adverse Benefit Determination* may be filed by you or a person authorized to act on your behalf. For an Urgent Care Clinical Claim, a Health Care Provider may appeal on his/her own behalf. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your ID Card.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your Claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an *Adverse Benefit Determination*, you may call or write to the Claim Administrator to request a Claim review. The Claim Administrator will need to know the reasons why you do not agree with the *Adverse Benefit Determination*. You may contact the Claim Administrator at:

BCBSNM Appeals Unit
P.O. Box 27630
Albuquerque, NM 87125-9815
Telephone (toll-free): (800) 205-9926

- In support of your Claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information at any time during the Claim review process.

The Claim Administrator will provide you or your authorized representative with any new or additional evidence or rationale and any other information and documents used in the denial or the review of your Claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial *Adverse Benefit Determination*. Such new or additional evidence or rationale and information will be provided to you or your authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give you a chance to respond before the final determination is made. If the information is received so late that it would be impossible to provide it to you in time for you to have a reasonable opportunity to respond, the time periods for providing notice will be tolled until such time as you have had a reasonable opportunity to respond. After you respond or have had a reasonable opportunity to respond but have failed to do so, the Claim Administrator will notify you of the determination in a reasonably prompt time, taking into account the medical exigencies. The appeal will be conducted by individuals associated with the Claim Administrator and/or by external advisors, but who were not involved in making the initial denial of your Claim. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgement, the appeal determination will be made by a Physician associated or Contracted with us and/or by external advisors, but who were not involved in making the initial denial of your Claim. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator or your employer.

For non-eligibility issues, you or your authorized representative may request an appeal of a Claims or Prior Authorization decision, orally or in writing, by contacting:

BCBSNM Appeals Unit
P.O. Box 27630
Albuquerque, NM 87125-9815
Telephone (toll-free): (800) 205-9926
FAX: (505) 816-3837

Time-frame for Completion of Internal Appeal

Upon receipt of a non-urgent pre-service appeal, the Claim Administrator shall render a determination of the appeal as soon as practical, but in no event more than 30 days after the appeal has been received by the Claim Administrator.

Upon receipt of a post-service appeal, the Claim Administrator shall render a determination of the appeal as soon as practical, but in no event more than 60 days after the appeal has been received by the Claim Administrator.

You have the right to request a postponement of the appeal review process by submitting your request in writing.

Manner and Content of Notification of Internal Appeal Decision

BCBSNM will provide you with written or electronic notice of the Internal Appeal Decision within the time-frames described above. You have the right to request, free of charge, reasonable access to and copies of all documents, records, and other information related to your appeal. If your appeal is denied in whole or in part, you will be notified in writing of the following:

- subject to privacy laws and other restrictions, if any, the identification of the Claim, the date of service, Health Care Provider, Claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- the specific reason(s) for the determination;
- the right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the Claim for benefits;
- any internal rule, guideline, protocol or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- an explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
- a description of the standard that was used in denying the Claim and a discussion of the decision;
- a description of BCBSNM's internal review procedures and time limits including your right to pursue an external action following a final Adverse Determination on internal appeal and the timeframe within which such action must be filed;
- in certain situations, a statement in non-English language(s) that written notice of Claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- in certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
- contact information for applicable office of health insurance consumer assistance or ombudsman.

If the Claims Administrators or your employer's decision is to continue to deny or partially deny your Claim or Prior Authorization request or if applicable you do not receive a timely decision, you may be able to request an external review of your Claim or Prior Authorization request by an independent third party, who will review the denial and issue a final decision. Your external review rights are described in the next section.

INDEPENDENT EXTERNAL REVIEW

For non-eligibility issues, you or your authorized representative may make a request for a standard external review or expedited external review of an *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* by an independent review organization (IRO). External review is available for an *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* that involves medical judgment (including, but not limited to, those based on requirements, for Medical Necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit, or a determination that a treatment is Experimental or Investigational), as determined by the external reviewer. Rescission's are also eligible for external review.

1. Request for external review. Within four months after the date of receipt of a notice of an *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* from BCBSNM, you or your authorized representative must file your request for standard external review.

2. Preliminary review. Within five business days following the date of receipt of the external review request, BCBSNM must complete a preliminary review of the request to determine whether:

- You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;
- The *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);
- You have exhausted BCBSNM's internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the "Exhaustion" section below for additional information about the exhaustion of the internal appeal process; and
- You or your authorized representative has provided all the information and forms required to process an external review.

You will be notified within one business day after BCBSNM completes the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the four-month appeal period (or 48 hours following receipt of the notice), whichever is later, to perfect the appeal request. If your Claim is not eligible for external review, BCBSNM will outline the reasons it is ineligible in the notice, and provide contact information for the Department of Labor's Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)).

External review is available for *Adverse benefit Determinations* and *Final Adverse Benefit Determinations* that involve rescission and determination that involve medical judgment including, but not limited to, those based on requirements for Medical Necessity, appropriateness, health care setting, investigational; determinations whether you are entitled to a reasonable alternative standard for a reward under a wellness program or a determination of compliance with the non-quantitative treatment limitation provisions of the Mental Health parity.

3. Referral to Independent Review Organization. When an eligible request for external review is completed within the time period allowed, BCBSNM or your employer will assign the matter to an unbiased and independent review organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally-recognized accrediting organization. Accordingly, BCBSNM must contract with at least three IROs for assignments under the plan and rotate Claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

The IRO must provide the following:

- Utilization of legal experts where appropriate to make coverage determinations under the plan.
- Timely notification to you or your authorized representative, in writing, of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.

- Within five business days after the date of assignment of the IRO, BCBSNM must provide to the assigned IRO the documents and any information considered in making the *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination*. Failure by BCBSNM to timely provide the documents and information must not delay the conduct of the external review. If BCBSNM fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination*. Within one business day after making the decision, the IRO must notify BCBSNM and you or your authorized representative.
- Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within one business day forward the information to BCBSNM. Upon receipt of any such information, BCBSNM may reconsider its *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* that is the subject of the external review. Reconsideration by BCBSNM must not delay the external review. The external review may be terminated as a result of the reconsideration only if BCBSNM decides, upon completion of its reconsideration, to reverse its *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* and provide coverage or payment. Within one business day after making such a decision, BCBSNM must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from BCBSNM.
- Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the Claim de novo and not be bound by any decisions or conclusions reached during BCBSNM's internal Claims Payments and Appeals process. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:
 - Your medical records;
 - The attending Health Care Professional's recommendation;
 - Reports from appropriate Health Care Professionals and other documents submitted by BCBSNM, you, or your treating Provider;
 - The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with applicable law;
 - Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards, and associations;
 - Any applicable clinical review criteria developed and used by BCBSNM, unless the criteria are inconsistent with the terms of the plan or with applicable law; and
 - The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.
- Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to BCBSNM and you or your authorized representative.
- The notice of final external review decision will contain:
 - A general description of the reason for the request for external review, including information sufficient to identify the Claim;
 - The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;
 - A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either BCBSNM and you or your authorized representative;

- A statement that judicial review may be available to you or your authorized representative; and
 - Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.
- After a final external review decision, the IRO must maintain records of all Claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.
- 4. Reversal of plan's decision.** Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, BCBSNM immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the Claim.

Expedited External Review

1. Request for expedited external review. BCBSNM must allow you or your authorized representative to make a request for an expedited external review with BCBSNM at the time you receive:

- An *Adverse Benefit Determination* if the *Adverse Benefit Determination* involves a medical condition of the claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- A *Final Internal Adverse Benefit Determination*, if the claimant has a medical condition where the time-frame for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the *Final Internal Adverse Benefit Determination* concerns an Admission, availability of care, continued stay, or health care item or service for which you received Emergency services, but have not been discharged from a Facility.

2. Preliminary review. Immediately upon receipt of the request for expedited external review, BCBSNM must determine whether the request meets the reviewability requirements set forth in the “Standard External Review” section above. BCBSNM must immediately send you a notice of its eligibility determination that meets the requirements set forth in the “Standard External Review” section above.

3. Referral to independent review organization. Upon a determination that a request is eligible for external review following the preliminary review, BCBSNM will assign an IRO pursuant to the requirements set forth in the “Standard External Review” section above. BCBSNM must provide or transmit all necessary documents and information considered in making the *Adverse Benefit Determination* or *Final Internal Adverse Benefit Determination* to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the Claim *de novo* and is not bound by any decisions or conclusions reached during BCBSNM's internal Claims Payments and Appeals process.

4. Notice of final external review decision. The IRO must provide notice of the final external review decision, in accordance with the requirements set forth in the “Standard External Review” section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to BCBSNM and you or your authorized representative.

EXHAUSTION

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you have the right to request external review simultaneously with the request for expedited internal review. The IRO will determine whether or not your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if BCBSNM waives the internal review process or has failed to comply with the internal Claims Payments and Appeals process. If you have been deemed to have exhausted the internal review process due to BCBSNM's failure to comply with the internal Claims Payments and Appeals process, you may also have the right to pursue arbitration and any available remedies under federal or under state law.

The internal review process will not be deemed exhausted based on de minimis violations that do not cause, and are not likely to cause, prejudice or harm to you so long as the Claim Administrator demonstrates that the violation occurred in the context of an ongoing, good faith exchange of information between you and the Claims Administrator.

External review may not be requested for an Adverse Benefit Determination involving a Claim for benefits for a Health Care Service that you have already received until the internal review process has been exhausted.

OTHER EXTERNAL ACTIONS

If you are still not satisfied after having completed BCBSNM's or, for eligibility and employee contribution issues, your employer's complaint, appeal, grievance, or reconsideration procedure, you may have the option of taking one of the following steps. No legal action at law or in equity may be taken or arbitration demand made earlier than 60 days after the Claims Administrator has received the Claim for benefits or Prior Authorization request, or later than three years after the date that the Claim for benefits should have been filed with the Claims Administrator.

Arbitration for Non-ERISA Plans — The “Arbitration for Non-ERISA Plans” provision applies to all Governmental Plans, Church Plans, and plans maintained outside the United States primarily for the benefit of persons substantially all of whom are non-resident aliens. If a dispute about coverage, benefits, or handling of Claims or appeals continues after you have followed and **exhausted** the appeals and grievance process set forth above, including having completed the external review process, the issue or Claim may be submitted to arbitration. The rules for arbitration shall be the “Commercial Arbitration Rules” developed by the American Arbitration Association. You may obtain a copy of these rules from a Customer Service Advocate. The rules are also available from the American Arbitration Association's website (www.adr.org).

The Benefit Booklet is hereby amended as indicated below:

I. Continuity of Care

If You are under the care of a Participating Provider as defined in the Benefit Booklet who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), You may be able to continue coverage for that Provider's Covered Services at the Participating Provider Benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,
3. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for Your pregnancy, or

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if You are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date The Plan notifies You of the Provider's termination, or any longer period provided by state law. If You are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery.

You have the right to appeal any decision made for a request for Benefits under this provision, as explained in the Benefit Booklet.

II. Federal No Surprises Act

1. Definitions

The definitions below apply only to Section IV. Federal No Surprises Act, of this Amendment. To the extent the same terms are defined in both the Benefit Booklet and this Amendment, those terms will apply only to their use in the Benefit Booklet or this Amendment, respectively.

“Air Ambulance Services” means, for purposes of this Amendment only, medical transport by helicopter or airplane for patients.

“Emergency Medical Condition” means, for purposes of this Amendment only, a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition: (i) placing the health of the individual, or with respect to a pregnant woman her unborn child in serious jeopardy; (ii) constituting a serious impairment to bodily functions; or (iii) constituting a serious dysfunction of any bodily organ or part.

“Emergency Services” means, for purposes of this Amendment only,

- a medical screening examination performed in the emergency department of a hospital or a Freestanding Emergency Department;
- further medical examination or treatment You receive at a Hospital, regardless of the department of the Hospital, or a Freestanding Emergency Department to evaluate and treat an Emergency Medical Condition until Your condition is stabilized; and
- Covered Services You receive from a Non-Participating Provider during the same visit after Your Emergency Medical Condition has stabilized unless:
 1. Your Non-Participating Provider determines You can travel by non-medical or non-emergency transport;
 2. Your Non-Participating Provider has provided You with a notice to consent form for balance billing of services; and
 3. You have provided informed consent.

“Non-Participating Provider” means, for purposes of this Amendment only, with respect to a covered item or service, a physician or other health care provider who does not have a contractual relationship with Blue Cross and Blue Shield of New Mexico (BCBSNM) for furnishing such item or service under the Plan to which this Amendment is attached.

“Non-Participating Emergency Facility” means, for purposes of this Amendment only, with respect to a covered item or service, an emergency department of a hospital or an independent freestanding emergency department that does not have a contractual relationship with BCBSNM for furnishing such item or service under the Plan to which this Amendment is attached.

“Participating Provider” means, for purposes of this Amendment only, with respect to a Covered Service, a physician or other health care provider who has a contractual relationship with BCBSNM setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached regardless whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

“Participating Facility” means, for purposes of this Amendment only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with BCBSNM setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached. Whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

“Qualifying Payment Amount” means, for purposes of this Amendment only, a median of contracted rates calculated pursuant to federal or state law, regulation and/or guidance.

“Recognized Amount” means, for purposes of this Amendment only, an amount determined pursuant a state law that provides a method for determining the total amount payable for the item or service (if applicable); or, if there is no state law that provides a method for determining the total amount payable for the item or service, the lesser of the Qualifying Payment Amount or billed charges.

2. Federal No Surprises Act Surprise Billing Protections

- a. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections (“Included Services”) are listed below.
 - Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.

- Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless You give written consent and give up balance billing protections).
- Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider.

b. Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

c. Cost-Sharing

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward Your Participating Provider deductible and/or Out-of-Pocket Limit, if any.

3. Prohibition of Balance Billing

You are protected from balance billing on Included Services as set forth below.

If You receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill You is Your in-network cost-share. You cannot be balance billed for these Emergency Services unless You give written consent and give up Your protections not to be balanced billed for services You receive after You are in a stable condition.

When You receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill You is Your Plan's in-network cost-share requirements. When You receive emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed. If You get other services at Participating Facilities, Non-Participating Providers

can't balance bill You unless You give written consent and give up Your protections.

If Your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill You is Your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

NOTE: The revisions to Your Plan made by this Amendment are based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. To the extent federal regulations are adopted or additional guidance is issued by federal regulatory agencies that alter the terms of this Amendment, the regulations and any additional guidance will control over conflicting language in this Amendment.

Definitions

Brand-Name Drug — A drug or product manufactured by a single manufacturer as defined by a nationally recognized Provider of drug product database information. There may be some cases where two manufacturers will produce the same product under one license, known as a co-licensed product, which would also be considered as a Brand-Name Drug. There may also be situations where a drug's classification changes from Generic to Preferred or Nonpreferred Brand-Name due to a change in the market resulting in the Generic Drug being a single source, or the drug product database information changing, which would also result in a corresponding change to your payment obligations from Generic Preferred to Nonpreferred to Brand-Name.

Coinsurance — The **percentage** amount of a Covered Charge paid by you for certain items covered under this drug plan.

Deductible — The annual Deductible described in your Benefits Booklet for the medical portion of your health benefits plan that also applies to the drug portion of your health benefits plan described in this rider. This Deductible is the maximum amount of Covered Charges you must pay in a Calendar Year under your health benefits plan, including covered Pharmacy prescription charges for orders filled or refilled, or for covered supplies purchased through a Retail Pharmacy, Specialty Pharmacy Provider, or designated Mail-Order Service vendor, before your health benefits plan begins to pay its share of Covered Charges, including the covered Pharmacy prescription charges you incur during the same Calendar Year under this rider. If the Deductible amount remains the same during the Calendar Year, you pay it only once each Calendar Year, and it applies to all Covered Charges that are subject to this Deductible and to Coinsurance that you receive during that Calendar Year including all covered Pharmacy prescription charges under this rider.

Enteral Nutritional Product — A product designed to provide calories, protein, and essential micronutrients by the enteral route (i.e., by the gastrointestinal tract, which includes the stomach and small intestine only).

Generic Drug — A drug that has the same active ingredient as a Brand-Name Drug and is allowed to be produced after the Brand-Name Drug's patent has expired. In determining the brand or generic classification for covered drugs, BCBSNM uses the generic/brand status assigned by a nationally recognized Provider of drug product database information. A list of Generic Drugs is available on the BCBSNM website at www.bcbsnm.com. You may also contact a Customer Service Advocate for more information.

Genetic Inborn Errors of Metabolism — A rare, inherited disorder that is present at birth; if untreated, results in mental retardation or death, and requires that the affected person consume Special Medical Foods.

Legend Drugs — Drugs, biologicals, or compounded prescriptions which are required by law to have a label stating "Caution: Federal Law Prohibits Dispensing Without a Prescription," and which are approved by the FDA for a particular use or purpose.

Nonpreferred Brand-Name Drug — A covered **non-Specialty** Brand-Name Drug product or other item that is not identified on the *Drug List* as Preferred and is subject to the Nonpreferred Brand Name Drug payment level. See "Specialty Drugs," below if the Nonpreferred Brand Name Drug is listed on the *Specialty Drug List*.

Participating Pharmacy — A retail supplier that has contracted with BCBSNM or its authorized representative to dispense covered Prescription Drugs, Medicines and Devices, insulin, diabetic supplies, and nutritional products to Plan Members, and that has contractually accepted the terms and conditions as set forth by BCBSNM and/or its authorized representative. Some Participating Pharmacies are contracted with BCBSNM to provide Specialty Drugs to Members; these Pharmacies are called "**Specialty Pharmacy Providers**" and some drugs must be dispensed by these specially Contracted Providers in order to be covered.

Pharmacy — A state and federally licensed establishment that is physically separate and apart from any Provider's office, and where Legend Drugs and devices are dispensed under prescription orders to the general public by a pharmacist licensed to dispense such drugs and devices under the laws of the state in which he or she practices.

Pharmacy Benefit Manager — An entity with which BCBSNM has entered into one or more agreements for the provision of, and payment for, Prescription Drug benefits to all persons entitled to Prescription Drug benefits under individual certificates, group health insurance policies and contracts to which BCBSNM is a party, including the health benefits plan to which this Drug Plan Rider is attached. (For more information, see section below entitled "*BCBSNM's Separate Financial Arrangements with Pharmacy Benefit Managers.*")

Preferred Brand-Name Drug — A covered **non-Specialty** Brand-Name Drug product or other item that is identified on the *Drug List* and is subject to the Preferred Brand Name Drug tier payment level.

Prescription Drugs, Medicines, Devices — Those that are taken at the direction and under the supervision of a Provider, that require a prescription before being dispensed, and are labeled as such on their packages. All Prescription Drugs, Medicines, and Devices must be approved by the FDA, and must not be Experimental, Investigational, or Unproven. (See the "Experimental, Investigational, or Unproven Services" exclusion in your Benefit Booklet).

Special Medical Foods — Nutritional substances in any form that are consumed or administered internally under the supervision of a Physician, specifically processed or formulated to be distinct in one or more nutrients present in natural food; intended for the medical and nutritional management of patients with limited capacity to metabolize ordinary food stuffs or certain nutrients contained in ordinary foodstuffs or who have other specific nutrient requirements as established by medical evaluation; and essential to optimize growth, health, and metabolic homeostasis. Special Medical Foods are covered only when prescribed by a Physician for treatment of genetic errors of metabolism, and the Member is under the Physician's ongoing care. Special Medical Foods are not for use by the general public and may not be available in stores or supermarkets. Special Medical Foods are not those foods included in a healthy diet intended to decrease the risk of disease, such as reduced-fat foods, low sodium foods, or weight loss products.

Specialty Drugs — Prescription Drugs that are high cost and are generally prescribed for use in limited patient populations or indications. These drugs are typically injected, but may also include high cost oral medications. In addition, patient support and/or education and special dispensing or delivery may be required for these drugs; therefore, they are difficult to obtain via traditional Pharmacy channels. To determine which drugs are Specialty Drugs, refer to the Drug List on the website at www.bcbsnm.com.

Specialty Drug List — A list of the names of Specialty Drugs which must be purchased through BCBSNM's Specialty Pharmacy Provider. The *Specialty Drug List* is subject to periodic review and change by BCBSNM. If you need a list of Specialty Pharmacy drugs, request it from a Customer Service Advocate or visit the BCBSNM website at www.bcbsnm.com.

How the Prescription Drug Program Works

When you are being treated for an illness or accident, your Doctor may prescribe certain drugs or other Pharmacy items as part of your treatment. Your coverage includes benefits for drugs that are self-administered and other items listed below. This rider explains which drugs and other items are covered and the benefits available for them under this drug plan portion of your health care benefits plan. The benefits of this rider are subject to all of the terms and conditions of your health benefits plan. For example, benefits will be provided only if drugs and supplies are Medically Necessary. Please see the *General Limitations and Exclusions* section of your Benefit Booklet for a full list of exclusions that apply to all Health Care Services, including Prescription Drugs and other items under this rider.

All drugs listed on the Drug List or Specialty Drug List are covered unless specifically excluded. For example, if your health plan excludes weight management or obesity treatment, drugs for the treatment of obesity are also excluded. Prescription Drugs will not be excluded only because the drug has not been approved by the FDA for the treatment of your particular condition. Such a drug may be covered if it is recognized as safe and effective for the treatment of your condition in at least one standard medical reference compendium, including the “AMA Drug Evaluation,” the “American Hospital Formulary Service Drug Information,” and “Drug Information for the Health Care Provider,” OR is being provided during a covered Cancer Clinical Trial as required under NM state law. The drug will **not** be covered, however, if it is excluded for another reason (such as being for weight loss, cosmetic, etc.).

You, or your prescribing Health Care Provider, can ask for a Drug List exception if your drug is not on the Drug List (also known as a formulary). To request this exception, you, or your prescriber, can call the number on the back of your ID Card to ask for a review. If you have a health condition that may jeopardize your life, health or keep you from regaining function, or your current drug therapy uses a non-covered drug, you, or your prescriber, may be able to ask for an expedited review process. BCBSNM will let you, and your prescriber, know the coverage decision within 24 hours after they receive your request for an expedited review. If the coverage request is denied, BCBSNM will let you and your prescriber know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination. Please refer to your Benefit Booklet for more information regarding the appeals process, or you can call the number on the back of your ID Card if you have any questions.

Covered Medications and Other Items — The following drugs, supplies, and other products are covered only when dispensed by a Participating Pharmacy under the Retail Pharmacy or Specialty Pharmacy Drug Programs or when ordered through the designated Mail Order Service vendor:

- Prescription Drugs, prenatal vitamins, and medicines, unless listed as an exclusion (covered drugs/items include prescription contraceptive devices and medications purchased from a Participating Pharmacy. (**Note:** Prescription contraceptive devices fitted or inserted by, and purchased directly from, a Physician are payable under the “Family Planning” benefit, if any, of the medical portion of your health care benefits plan.)
- Specialty Drugs (such as, but not limited to, self-administered injectable drugs such as growth hormone, Copaxone, Avonex). (Most injectable drugs require **Prior Authorization** from BCBSNM. Some self-administered drugs, whether injectable or not, are identified as Specialty Drugs and must be acquired through BCBSNM's designated Specialty Pharmacy Provider in order to be covered.)

- Vaccinations for flu or pneumonia, or Zostavax® vaccinations when received from certain Participating Pharmacies. (For a list of Pharmacies that are contracted with BCBSNM to provide this service, go to the BCBSNM website at www.bcbsnm.com.)
- Insulin, glucagon, prescriptive oral agents for controlling blood sugar levels, and insulin needles, syringes, and other diabetic supplies (e.g., glucagon Emergency kits, autolets, lancets, lancet devices, blood glucose and visual reading urine and ketone test strips). (There is a separate Coinsurance for each item purchased. These items are **not** covered as a supply or medical equipment expense under the medical portion of your health care benefits plan.) See “Supplies, Equipment, and Prosthetics” in your Benefit Booklet for a list of diabetic equipment that *is* covered under the medical portion of your health care benefits plan.)**
- Nonprescription Enteral Nutritional Products and Special Medical Foods only when either: 1) delivered through a Medically Necessary enteral access tube that has been surgically placed (e.g., gastrostomy, jejunostomy) or 2) meeting the definition of Special Medical Foods. (These products must be ordered by a Physician and **Prior Authorization** received from BCBSNM in order to be covered.)
- Treatment with FDA-approved Prescription Drugs to assist you with quitting tobacco use or smoking**

** NOTE: For Members covered under **PPO** medical plans only, some of these items may also be purchased from an Out-of-Network Pharmacy. For details, see “Retail Pharmacy Program” below.

Prior Authorization — Certain Prescription Drugs, injectable medications, and Specialty Pharmacy drugs may require Prior Authorization from BCBSNM. A list of drugs requiring Prior Authorization is on the BCBSNM website at www.bcbsnm.com. Your Physician can request the necessary Prior Authorization.

Step Therapy — The step therapy program helps manage costs of expensive drugs by redirecting patients, when appropriate, to equally effective less expensive, generic alternatives. The program requires that Members starting a new drug treatment use Generic Drugs first when appropriate. Generic Drugs, which are tested and approved by the U.S. Food & Drug Administration (FDA), have been shown to be safe and effective. If the generic alternative is not effective, a Brand-Name Drug may then be acquired in the second step. You will be required to pay the applicable Coinsurance for Brand-Name Drugs. Although you may currently be on therapy, your request for non-Generic Drug alternatives may need to be reviewed to see if the criteria for coverage of further treatment has been met. A documented treatment with a generic or brand therapeutic alternative medication may be required for continued coverage of the Brand-Name Drug.

New-to-Market FDA Approved Drugs — New-to-Market FDA Approved Drugs are subject to review by Prime Therapeutics Pharmacy & Therapeutics (P&T) Committee prior to coverage of the drug.

Retail Pharmacy Program — Your drug plan provides access to the Pharmacies in the Retail Pharmacy network. In order to receive maximum benefits, items must be purchased from a Participating Pharmacy.

For a list of Participating Pharmacies, call Customer Service at the phone number on the back of your ID Card and request a Provider directory — or visit the BCBSNM website at www.bcbsnm.com. The Pharmacies that are participating in the BCBSNM Retail Pharmacy Program may change from time to time. You should check with your Pharmacy before obtaining drugs or supplies to make certain of its participation status.

You must present your BCBSNM ID Card to the pharmacist at the time of purchase to receive this benefit. (You do not receive a separate Prescription Drug plan ID Card; use your BCBSNM health care plan ID Card to receive all medical/surgical and Prescription Drug services covered under your Plan, including this rider. Your drug plan Coinsurance amounts are listed on your Summary of Benefits and Coverage (SBC).) You are responsible for paying any Coinsurance amounts noted in this rider for certain covered items, any pricing differences when applicable, and limited or non-Covered Services. No Claim forms are required when you purchase your prescriptions at a Participating Pharmacy.

NOTE: Specialty Drugs must be purchased from the BCBSNM - designated Specialty Pharmacy Provider in order to be covered unless coverage is specifically provided elsewhere in this rider and/or is required by applicable law or regulation.

You can use your ID Card to purchase covered items only for yourself and covered family members. When coverage for you or a family member ends under the medical portion of your health care benefits plan, the ID Card may not be used to purchase drugs or other items for the terminated Member(s). If you do not have your ID Card with you or if you purchase your drug or other item from an Out-of-Network Retail Pharmacy and it is eligible for coverage as indicated in the first paragraph of this Retail Pharmacy Program section, you must pay for the purchase in full and then submit a Claim directly to the BCBSNM Pharmacy Benefit Manager, Prime Therapeutics, at the address below (do not send to BCBSNM). If not included in your enrollment materials, you can obtain the necessary Claim forms from a Customer Service Advocate or on the BCBSNM website.

In such cases, you will be responsible for 50% of the Covered Charge (i.e., the BCBSNM-contracted rate) applicable had you purchased these covered items at a Participating Pharmacy, plus the tiered Coinsurance amount corresponding to these covered items under your particular drug plan. Drug plan benefits will be paid for the difference between the foregoing amounts that are your responsibility and any remaining Covered Charges up to the amount originally billed for these covered items by the Out-of-Network Retail Pharmacy.

Send Retail Pharmacy Claims to:
Prime Therapeutics
PO Box 25136
Lehigh Valley, PA 18002-5136

If you are leaving the country or need an extended supply of medication, call Customer Service at least **two weeks** before you intend to leave. (Extended supplies or vacation overrides are not available through the Mail Order Service but may be approved through the Retail Pharmacy Program only. In some cases, you may be asked to provide proof of continued enrollment eligibility under the Retail Pharmacy Program.) Only up to one 90-day supply override may be allowed each Calendar Year.

Specialty Pharmacy Program — The specialty drug delivery service integrates Specialty Drug benefits with your overall medical and drug plan benefits. This program provides delivery of medications directly to your Provider's office or to your home if you are undergoing treatment for a complex medical condition. The Specialty Pharmacy Program delivery service offers:

- Coordination of coverage among you, your Health Care Provider, and BCBSNM
- Educational materials about your condition and information about managing possible medication side effects
- Syringes, sharps containers, alcohol swabs, and other supplies with every shipment of FDA-approved self-injectable medications
- Access to a pharmacist for urgent medication issues 24 hours a day, 7 days a week, 365 days a year

This drug plan covers only those Specialty Drugs that are listed on the *Specialty Drug List*. The Specialty Drug List is on the BCBSNM website at www.bcbsnm.com or can be obtained from a Customer Service Advocate by calling the phone number on the back of your ID Card. Your cost for Specialty Drugs is indicated under the "Member Coinsurance and Copayment" section below and you will be responsible for any Coinsurance, any pricing differences when applicable, non-Covered Specialty Drugs, and other limited or non-Covered Services that may apply to your coverage.

Mail Order Service — Except for supply limitations and nutritional products, all items that are covered under the Mail Order Service are the same items that are covered under the Retail Pharmacy Program and are subject to the same limitations and exclusions. To use the Mail Order Service, follow the instructions outlined in the materials provided to you in your enrollment packet. (If you do not have this information, call a Customer Service Advocate.) **Note:** Prescription Drugs and other items may **not** be mailed outside the United States. Extended supplies or vacation overrides required when you are outside the country may be approved through the Retail Pharmacy Program only.

IMPORTANT: Specialty Drugs are not covered through the Mail Order Service. You must use the Specialty Pharmacy Provider designated by BCBSNM in order to receive benefits for Specialty Drugs.

Member Copayments and Coinsurance — For covered Prescription Drugs, insulin, diabetic supplies, and nutritional products, you pay the applicable tiered Copayment or applicable Coinsurance (see below), not to exceed the actual Retail price, for each prescription filled or item purchased (not to exceed supply limitations described below). **See your Summary of Benefits for your Copayment or applicable Coinsurance amounts. Any Copayment and Coinsurance amounts due for certain covered items are noted in this rider.**

Each Calendar Year, the Coinsurance percentage amounts, are applied to you or your family's applicable annual Out-of-Pocket Limit in combination with your medical and behavioral health benefits plan for that Calendar Year, as shown on the SBC. Any pricing differences between the cost of Brand Name Drugs and their generic equivalents that you pay under this drug plan portion of your health care benefits plan are **not** applied to you or your family's applicable annual Out-of-Pocket Limit in combination with your medical and behavioral health benefits plan for that Calendar Year (*see your SBC*). After you have met this Out-of-Pocket Limit in combination with your medical and behavioral health benefits plan during a single Calendar Year, BCBSNM pays 100% of your covered Prescription Drugs, insulin, diabetic supplies, and nutritional products under this drug plan for the remainder of that Calendar Year. Non-Covered Charges may not be used to meet the Out-of-Pocket Limit in combination with your medical and behavioral health benefits plan.

Your drug plan offers several benefit design Coinsurance options for when you purchase drugs or supplies from a Participating Pharmacy, a BCBSNM - designated Specialty Pharmacy Provider, or BCBSNM - designated Mail Order Service vendor (see below for an example of a 3-Tier Coinsurance Drug Plan and how it works). When you need a prescription order filled, you should use a Participating Pharmacy. Each prescription or refill is subject to the Coinsurance shown on the SBC. Any Deductible shown in the SBC will also apply.

When you go to a Participating Pharmacy, you must pay any Coinsurance, Deductible (if any), and any applicable pricing differences. You may be required to pay for limited or non-Covered Services. No Claim forms are required. If you are unsure whether a Pharmacy is a Participating Pharmacy, you may access the website at www.bcbsnm.com or contact Customer Service at the toll-free number on your ID Card.

In-Network: In-Network pharmacy Claims apply to the In-Network Deductible (if applicable). Coinsurance amounts paid at an In-Network pharmacy would only apply to your In-Network Out-of-Pocket Limit.

How Member Payment is Determined. Prescription Drug products are separated into tiers. Generally, each drug is placed into one of three drug tiers:

- **Tier 1** includes mostly Generic Drugs and may contain some Brand Name Drugs.
- **Tier 2** includes mostly Preferred Brand Name Drugs and may contain some Generic Drugs.
- **Tier 3** includes mostly Nonpreferred Brand Name Drugs and may contain some Generic Drugs.

To verify your payment amount for a drug, visit <https://www.bcbsnm.com> and log into Blue Access for Members or call the number on the back of your ID Card. *Benefits are described on the Summary of Benefits and Coverage (SBC) of this policy.*

For additional information, please refer to the Outpatient Prescription Drug section as shown in the Summary of Benefits and Coverage (SBC) of this policy.

See your Summary of Benefits for the drug plan Coinsurance option that corresponds to the health benefits plan you have chosen.

For example, if the health benefits plan you chose features this option: 20%/20%/20%

Except as may be specified elsewhere in this rider, drugs and supplies must be purchased from a Participating Pharmacy, or a BCBSNM - designated Specialty Pharmacy Provider, or BCBSNM - designated Mail Order Service vendor in order to be covered under your drug plan.

Supply Limitations — For each Coinsurance listed for your drug plan, you can obtain the following supply of a single Prescription Drug or other item covered under this rider (unless otherwise specified):

Program Type	Supply Maximum	Coinsurance Requirements
Nonprescription Nutritional Products	30-day supply during any 30-day period	Coinsurance of 20% of Covered Charges (includes prescriptions for Enteral Nutritional Products and Special Medical Foods as described under “Covered Drugs and Other Items”)
Participating Retail Pharmacy and Specialty Pharmacy Provider	During each one-month period, a 30-day supply	Coinsurance for a 30-day supply.
Mail Order Service (Tiers 1, 2, and 3 only)	During each three-month period, a 90-day supply	Coinsurance for a 90-day supply.

Dispensing Limits — In addition to the supply limits stated above and regardless of the quantity of a covered drug prescribed by a Physician, BCBSNM has the right to establish dispensing limits on covered drugs. These limits, which are based upon FDA dosing recommendations and nationally recognized clinical guidelines, identify gender or age restrictions, and/or the maximum quantity of a drug (or member of a drug class) that can be dispensed to you over a specific period of time. Such limits are in place to encourage appropriate drug use and patient safety, and to reduce waste and stockpiling of drugs. Benefits for a covered drug may also be denied if the drug is dispensed or delivered in a manner intended to avoid the BCBSNM-established dispensing limit. If you need a drug quantity that exceeds the dispensing limit, ask your Doctor to submit a request for review to BCBSNM on your behalf. The Prior Authorization request will be approved or denied after the clinical information submitted by the prescribing Doctor has been evaluated by BCBSNM.

Controlled Substances — If BCBSNM determines you may be receiving quantities of controlled substance medications not supported by FDA approved dosages or recognized treatment guidelines, benefits may be subject to a review to determine if they are Medically Necessary, appropriateness and other coverage restrictions such as limiting coverage to services provided by a certain Provider and/or Pharmacy for the prescribing and dispensing of the controlled substance medication. Coinsurance and Deductible may apply. For the purposes of this provision, controlled substance medications are medications restricted by state or federal laws because of their potential of addiction or misuse.

Drug Plan Exclusions — In addition to services listed as not eligible for coverage in the *General Limitations and Exclusions* section of your medical plan portion's Benefit Booklet, this drug plan portion of your health benefits plan does **not** cover:

BCBSNM'S SEPARATE FINANCIAL ARRANGEMENTS WITH PRESCRIPTION DRUG PROVIDERS

For Covered Services provided by Participating Prescription Drug Providers under the Prescription Drug benefit, all amounts payable to Claim Administrator by Employer for Claim Payments provided by Claim Administrator and applicable service charges pursuant to the terms of the Agreement shall be calculated on the basis of an amount mutually agreed upon by Employer and Claim Administrator. For Covered Services provided by the Participating Prescription Drug Providers under the Prescription Drug benefit, required Deductible and Coinsurance amounts under the Agreement shall be calculated on the basis of the Allowable Charge, subsection (d)(i). All (a) amounts payable to Claim Administrator by Employer for Claim Payments provided by Claim Administrator for Covered Services provided by Nonparticipating Prescription Drug Providers under the Prescription Drug benefit, and (b) required Deductible and Coinsurance amounts for Covered Services provided by Nonparticipating Prescription Drug Providers under the Prescription Drug benefit shall be calculated on the basis of the Allowable Charge, subsection (d)(ii).

Claim Administrator hereby informs Employer and all Covered Persons that it has contracts, either directly or indirectly, with Participating Prescription Drug Providers for the provision of, and payment for, Prescription Drug services to all persons entitled to Prescription Drug benefits under individual certificates, group health insurance policies and contracts to which Claim Administrator is a party, including the Covered Persons under the Agreement, and that pursuant to Claim Administrator's contracts with Participating Prescription Drug Providers, under certain circumstances described therein, Claim Administrator may receive discounts for Prescription Drugs dispensed to Covered Persons under the Agreement. Actual Network savings achieved for Covered Persons will vary. Some rates are currently based on benchmark prices including, but not limited to, Wholesale Acquisition Cost ("WAC"), Average Sales Price ("ASP") and Average Wholesale Price ("AWP"), which are determined by third parties and are subject to change.

Employer understands that Claim Administrator may receive such discounts during the term of the Agreement. Neither Employer nor Covered Persons hereunder are entitled to receive any portion of any such discounts except as such items may be indirectly or directly reflected in the service charges specified in the Agreement. The drug fees/discounts that Claim Administrator has negotiated with Prime Therapeutics LLC ("Prime") through the Pharmacy Benefit Management ("PBM") Agreement, will be used to calculate Covered Persons Deductibles and Coinsurance for both Retail and Mail/Specialty Drugs, except as otherwise mutually agreed to by the Parties. Except for Mail/Specialty Drugs, the PBM Agreement requires that the fees/discounts that Prime has negotiated with pharmacies (or other suppliers) are passed-through to Claim Administrator. For the Mail-Order Pharmacy and Specialty Pharmacy Program, which as of the Effective Date are partially owned by Prime and administered through Prime affiliates, Prime retains the difference between its acquisition cost and the negotiated prices as its fee for the various administrative services provided as part of the Mail-Order Pharmacy and/or Specialty Pharmacy Program. Claim Administrator pays a fee to Prime for pharmacy benefit services, which may be included in the Administrative Charge charged by Claim Administrator to Employer. A portion of Prime's PBM fees are tied to certain performance standards, including, but not limited to, Claims processing, customer service response, and Mail-Order processing.

"Weighted Paid Claim" refers to the methodology of counting Claims for purposes of determining Claim Administrator's fee payment to Prime. Each retail (including Claims dispensed through PBM's Specialty Pharmacy Program) paid Claim will be weighted according to the days' supply dispensed. A paid Claim is weighted in thirty-four (34) day supply increments so a 1-34 days' supply is considered 1 weighted Claim, a 35-68 days' supply is considered 2 weighted Claims, and the pattern continues up to 6 weighted Claims for 171 or more days' supply. Claim Administrator pays Prime a Program Management Fee ("PMF") on a per weighted Claim basis.

The amounts received by Prime from Claim Administrator, pharmacies, manufacturers or other third parties may be revised from time to time. Some of the amounts received by Prime may be charged each time a Claim is processed (or, in some instances, requested to be processed) through Prime and/or each time a prescription is filled, and include, but are not limited to, administrative fees charged by Prime to Claim Administrator (as described above), administrative fees charged by Prime to pharmacies, and administrative fees charged by Prime to pharmaceutical manufacturers. Currently, none of these fees will be passed on to Employer as expenses, or accrue to the benefit of Employer, unless otherwise specifically set forth in the Agreement.

BCBSNM'S SEPARATE FINANCIAL ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS

BCBSNM hereby informs you that it owns a significant portion of the equity of Prime and that BCBSNM has entered into one or more agreements with Prime or other entities (collectively referred to as "Pharmacy Benefit Managers," or "PBMs"), for the provision of, and payment for, Prescription Drug benefits to all persons entitled to Prescription Drug benefits under individual certificates, group health insurance policies and contracts to which BCBSNM is a party, including this Contract. PBMs have agreements with pharmaceutical manufacturers to receive rebates for using their products. In addition, Prime's Mail Order Pharmacy and other PBM services operate through the same entity, Prime Therapeutics LLC.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of BCBSNM, but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufacturers to cover the administrative costs of processing late payments). BCBSNM may also negotiate rebate contracts with pharmaceutical manufacturers. BCBSNM may receive such rebates from Prime or pharmaceutical manufacturers. You are not entitled to receive any portion of any such rebates as they are calculated into the pricing of the product.
